## JOINT RESOLUTION

To support emergency food assistance to India.

April 1, 1967  
[H. J. Res. 267]

Whereas the Congress has declared it to be the policy of the United States to combat hunger and malnutrition and to encourage economic development in the developing countries; and

Whereas two years of drought have caused a grave food shortage in India which threatens the lives and health of millions of people; and

Whereas the urgency of the need of the Indian people and the time needed for congressional deliberation have required the United States already to commit three million six hundred thousand tons of grain valued at \$275,000,000 as a part of the eight to ten million tons of grain estimated to be required during the calendar year 1967 from outside India to prevent irreparable hardship to the people of India; and

Whereas the programs of economic and agricultural development which have been launched by the Government of India would be seriously impaired if the international community failed to act promptly and on an adequate scale to meet the urgent needs of the people of India: Therefore be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Congress approves the participation of the United States in cooperation with other countries and with multilateral organizations, including the International Bank for Reconstruction and Development, the Organization for Economic Cooperation and Development, the Food and Agriculture Organization, and others, in urgent international efforts designed to—

India.  
Emergency food  
assistance.

(a) develop a comprehensive self-help approach to the war on hunger based on a fair sharing of the burden among the nations of the world;

(b) encourage and assist the Government of India in achieving food self-sufficiency; and

(c) help meet India's critical food and nutritional needs by making available agricultural commodities or other resources needed for food procurement or production.

Because uncertainty in connection with Public Law 480 transactions tends to depress market prices, it is the sense of Congress that, in carrying out this Aid to India program, the Administration should, subject to the requirement of section 401 of Public Law 480 with respect to the availability of the commodity at the time of exportation, make announcements of intention, purchases and shipments of commodities on schedules and under circumstances which will protect and strengthen farm market prices to the maximum extent possible.

68 Stat. 454.  
7 USC 1691  
note.

80 Stat. 1535.  
7 USC 1731.

The Congress endorses the President's policy of equal participation on the part of the United States with all other nations, under terms and conditions set forth in Public Law 480, as amended, in assisting the Government of India to meet these needs.

Equal participa-  
tion by U.S.

Further, the Congress recommends, on the basis of estimates now available, that the United States provide an additional amount of food grain not to exceed three million tons at an estimated cost of \$190,000,000 as the United States share toward meeting the India food deficit, provided it is appropriately matched, and specifically extends its support to the allocation of approximately \$190,000,000 of funds

Additional food  
grain.

available to the Commodity Credit Corporation in calendar year 1967 which will be required to accomplish this purpose.

Additional emergency food relief.

The Congress further recommends that the President provide an additional \$25,000,000 of emergency food relief for distribution by CARE and other American voluntary agencies.

## AN ACT

To amend section 552 of title 5, United States Code, to codify the provisions of Public Law 89-487.

Public informa-  
tion.  
80 Stat. 383.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.* That section 552 of title 5, United States Code, is amended to read:

**“§ 552. Public information; agency rules, opinions, orders, records, and proceedings**

“(a) Each agency shall make available to the public information as follows:

Publication in  
Federal Register.

“(1) Each agency shall separately state and currently publish in the Federal Register for the guidance of the public—

“(A) descriptions of its central and field organization and the established places at which, the employees (and in the case of a uniformed service, the members) from whom, and the methods whereby, the public may obtain information, make submittals or requests, or obtain decisions;

“(B) statements of the general course and method by which its functions are channeled and determined, including the nature and requirements of all formal and informal procedures available;

“(C) rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations;

“(D) substantive rules of general applicability adopted as authorized by law, and statements of general policy or interpretations of general applicability formulated and adopted by the agency; and

“(E) each amendment, revision, or repeal of the foregoing.

Except to the extent that a person has actual and timely notice of the terms thereof, a person may not in any manner be required to resort to, or be adversely affected by, a matter required to be published in the Federal Register and not so published. For the purpose of this paragraph, matter reasonably available to the class of persons affected thereby is deemed published in the Federal Register when incorporated by reference therein with the approval of the Director of the Federal Register.

Inspection and  
copying.

“(2) Each agency, in accordance with published rules, shall make available for public inspection and copying—

“(A) final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

“(B) those statements of policy and interpretations which have been adopted by the agency and are not published in the Federal Register; and

“(C) administrative staff manuals and instructions to staff that affect a member of the public;

unless the materials are promptly published and copies offered for sale. To the extent required to prevent a clearly unwarranted invasion of personal privacy, an agency may delete identifying details when it makes available or publishes an opinion, statement of policy, interpretation, or staff manual or instruction. However, in each case the justification for the deletion shall be explained fully in writing. Each agency also shall maintain and make available for public inspection and copying a current index providing identifying information for the public as to any matter issued, adopted, or promulgated after July 4, 1967, and required by this paragraph to be made available or published. A final order, opinion, statement of policy, interpretation, or staff manual

Conditions.

or instruction that affects a member of the public may be relied on, used, or cited as precedent by an agency against a party other than an agency only if—

“(i) it has been indexed and either made available or published as provided by this paragraph; or

“(ii) the party has actual and timely notice of the terms thereof.

“(3) Except with respect to the records made available under paragraphs (1) and (2) of this subsection, each agency, on request for identifiable records made in accordance with published rules stating the time, place, fees to the extent authorized by statute, and procedure to be followed, shall make the records promptly available to any person. On complaint, the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the agency records are situated, has jurisdiction to enjoin the agency from withholding agency records and to order the production of any agency records improperly withheld from the complainant. In such a case the court shall determine the matter de novo and the burden is on the agency to sustain its action. In the event of noncompliance with the order of the court, the district court may punish for contempt the responsible employee, and in the case of a uniformed service, the responsible member. Except as to causes the court considers of greater importance, proceedings before the district court, as authorized by this paragraph, take precedence on the docket over all other causes and shall be assigned for hearing and trial at the earliest practicable date and expedited in every way.

“(4) Each agency having more than one member shall maintain and make available for public inspection a record of the final votes of each member in every agency proceeding.

“(b) This section does not apply to matters that are—

Nonapplica-  
bility.

“(1) specifically required by Executive order to be kept secret in the interest of the national defense or foreign policy;

“(2) related solely to the internal personnel rules and practices of an agency;

“(3) specifically exempted from disclosure by statute;

“(4) trade secrets and commercial or financial information obtained from a person and privileged or confidential;

“(5) inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;

“(6) personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

“(7) investigatory files compiled for law enforcement purposes except to the extent available by law to a party other than an agency;

“(8) contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or

“(9) geological and geophysical information and data, including maps, concerning wells.

“(c) This section does not authorize withholding of information or limit the availability of records to the public, except as specifically stated in this section. This section is not authority to withhold information from Congress.”

65 Stat. 83.

“(2) Commissioned officers of the Public Health Service and members of the Reserve of the Public Health Service while on active duty and assigned to staff the various offices and bureaus of the Public Health Service, including the National Institutes of Health, or assigned to the Coast Guard, the Bureau of Prisons, Department of Justice, or the Environmental Science Services Administration, shall not be required to be registered under section 3 and shall be relieved from liability for training and service under section 4. Notwithstanding the preceding sentence, commissioned officers of the Public Health Service and members of the Reserve of the Public Health Service who, prior to the enactment of this paragraph, had been detailed or assigned to duty other than that specified in the preceding sentence shall not be required to be registered under section 3 and shall be relieved from liability for training and service under section 4.”

(6) Section 6(h) (50 App. U.S.C. 456(h)) is amended to read as follows:

“(h) (1) Except as otherwise provided in this paragraph, the President shall, under such rules and regulations as he may prescribe, provide for the deferment from training and service in the Armed Forces of persons satisfactorily pursuing a full-time course of instruction at a college, university, or similar institution of learning and who request such deferment. A deferment granted to any person under authority of the preceding sentence shall continue until such person completes the requirements for his baccalaureate degree, fails to pursue satisfactorily a full-time course of instruction, or attains the twenty-fourth anniversary of the date of his birth, whichever first occurs. Student deferments provided for under this paragraph may be substantially restricted or terminated by the President only upon a finding by him that the needs of the Armed Forces require such action. No person who has received a student deferment under the provisions of this paragraph shall thereafter be granted a deferment under this subsection, nor shall any such person be granted a deferment under subsection (i) of this section if he has been awarded a baccalaureate degree, except for extreme hardship to dependents (under regulations governing hardship deferments), or for graduate study, occupation, or employment necessary to the maintenance of the national health, safety, or interest. Any person who is in a deferred status under the provisions of subsection (i) of this section after attaining the nineteenth anniversary of the date of his birth, or who requests and is granted a student deferment under this paragraph, shall, upon the termination of such deferred status or deferment, and if qualified, be liable for induction as a registrant within the prime age group irrespective of his actual age, unless he is otherwise deferred under one of the exceptions specified in the preceding sentence. As used in this subsection, the term ‘prime age group’ means the age group which has been designated by the President as the age group from which selections for induction into the Armed Forces are first to be made after delinquents and volunteers.

“Prime age  
group.”

Occupational  
deferments.

“(2) Except as otherwise provided in this subsection the President is authorized, under such rules and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces of any or all categories of persons whose employment in indus-

try, agriculture, or other occupations or employment, or whose continued service in an Office (other than an Office described in subsection (f)) under the United States or any State, territory, or possession, or the District of Columbia, or whose activity in graduate study, research, or medical, dental, veterinary, optometric, osteopathic, scientific, pharmaceutical, chiropractic, chiropodial, or other endeavors is found to be necessary to the maintenance of the national health, safety, or interest: *Provided*, That no person within any such category shall be deferred except upon the basis of his individual status: *Provided further*, That persons who are or may be deferred under the provisions of this section shall remain liable for training and service in the Armed Forces under the provisions of section 4(a) of this Act until the thirty-fifth anniversary of the date of their birth. This proviso shall not be construed to prevent the continued deferment of such persons if otherwise deferrable under any other provisions of this Act. The President is also authorized, under such rules and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces (1) of any or all categories of persons in a status with respect to persons (other than wives alone, except in cases of extreme hardship) dependent upon them for support which renders their deferment advisable, and (2) of any or all categories of those persons found to be physically, mentally, or morally deficient or defective. For the purpose of determining whether or not the deferment of any person is advisable, because of his status with respect to persons dependent upon him for support, any payments of allowances which are payable by the United States to the dependents of persons serving in the Armed Forces of the United States shall be taken into consideration, but the fact that such payments of allowances are payable shall not be deemed conclusively to remove the grounds for deferment when the dependency is based upon financial considerations and shall not be deemed to remove the ground for deferment when the dependency is based upon other than financial considerations and cannot be eliminated by financial assistance to the dependents. Except as otherwise provided in this subsection, the President is also authorized, under such rules and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces of any or all categories of persons who have children, or wives and children, with whom they maintain a bona fide family relationship in their homes. No deferment from such training and service in the Armed Forces shall be made in the case of any individual except upon the basis of the status of such individual. There shall be posted in a conspicuous place at the office of each local board a list setting forth the names and classifications of those persons who have been classified by such local board. The President may, in carrying out the provisions of this title, recommend criteria for the classification of persons subject to induction under this title, and to the extent that such action is determined by the President to be consistent with the national interest, recommend that such criteria be administered uniformly throughout the United States whenever practicable; except that no local board, appeal board, or other agency of appeal of the Selective Service System shall be required to postpone or defer any person by reason of his activity in study, research, or medical, dental, veterinary, optometric, osteopathic, scientific, pharmaceutical, chiropractic, chiropodial, or other endeavors found to be necessary to the maintenance of the national health, safety, or interest solely on the basis of any test, examination, selection system, class standing, or any other means conducted, sponsored, administered, or prepared by any agency or department of the Federal Government,

"(j) Nothing contained in this title shall be construed to require any person to be subject to combatant training and service in the armed forces of the United States who, by reason of religious training and belief, is conscientiously opposed to participation in war in any form. As used in this subsection, the term 'religious training and belief' does not include essentially political, sociological, or philosophical views, or a merely personal moral code. Any person claiming exemption from combatant training and service because of such conscientious objections whose claim is sustained by the local board shall, if he is inducted into the armed forces under this title, be assigned to noncombatant service as defined by the President, or shall, if he is found to be conscientiously opposed to participation in such noncombatant service, in lieu of such induction, be ordered by his local board, subject to such regulations as the President may prescribe, to perform for a period equal to the period prescribed in section 4(b) such civilian work contributing to the maintenance of the national health, safety, or interest as the local board pursuant to Presidential regulations may deem appropriate and any such person who knowingly fails or neglects to obey any such order from his local board shall be deemed, for the purposes of section 12 of this title, to have knowingly failed or neglected to perform a duty required of him under this title."

For the purposes of paragraph (4), the full amount of any credit so extended shall be considered to have been extended to each officer of the bank who is a member of the partnership.

“(6) Whenever an executive officer of a member bank becomes indebted to any bank or banks (other than the one of which he is an officer) on account of extensions of credit of any one of the three categories respectively referred to in paragraphs (2), (3), and (4) in an aggregate amount greater than the aggregate amount of credit of the

“(7) This subsection does not prohibit any executive officer of a member bank from endorsing or guaranteeing for the protection of the bank any loan or other asset previously acquired by the bank in good faith or from incurring any indebtedness to the bank for the purpose of protecting the bank against loss or giving financial assistance to it.

“(8) Each day that any extension of credit in violation of this subsection exists is a continuation of the violation for the purposes of section 8 of the Federal Deposit Insurance Act.

“(9) Each member bank shall include with (but not as part of) each report of condition and copy thereof filed under section 7(a)(3) of the Federal Deposit Insurance Act a report of all loans under authority of this subsection made by the bank since its previous report of condition.

“(10) The Board of Governors of the Federal Reserve System may prescribe such rules and regulations, including definitions of terms, as it deems necessary to effectuate the purposes and to prevent evasions of this subsection.”

SEC. 2. Section 8 of the Federal Credit Union Act (12 U.S.C. 1757) is amended—

## JOINT RESOLUTION

To provide for the settlement of the labor dispute between certain carriers by railroad and certain of their employees.

Whereas the labor dispute between the carriers represented by the National Railway Labor Conference and certain of their employees represented by the International Association of Machinists and Aerospace Workers; International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers and Helpers; Sheet Metal Workers' International Association; International Brotherhood of Electrical Workers; Brotherhood of Railway Carmen of America; International Brotherhood of Firemen and Oilers functioning through the Railway Employees' Department, AFL-CIO, labor organizations, threatens essential transportation services of the Nation; and

Whereas related disputes have been settled by private collective bargaining between the carriers and other organizations representing approximately three-quarters of their employees, so that the present dispute represents a barrier to the completion of this round of bargaining in this industry; and

Whereas a Special Mediation Panel appointed by the President upon enactment of Public Law 90-10 proposed settlement terms to assist the parties in implementation of the collective bargaining envisaged in the recommendations of Emergency Board Numbered 169; and

Whereas it is desirable to provide procedures for the orderly culmination of this collective bargaining process; and

Whereas the national interest, including the national health and defense, requires that transportation services essential to interstate commerce be maintained; and

“(2) MODIFICATION OF TAX RATES BY EXECUTIVE ORDER.—

“(A) IN GENERAL.—If the President of the United States determines that the rates of tax imposed by paragraph (1), or provided in any prior Executive order issued pursuant to this paragraph, are lower or higher than the rates of tax necessary to limit the total acquisitions by United States persons of stock of foreign issuers and debt obligations of foreign obligors within a range consistent with the balance-of-payments objectives of the United States, he may by Executive order (effective as provided in subparagraph (C) (ii)) increase or decrease such rates of tax.

“(B) MAXIMUM RATE.—No increase in the rates of tax which is prescribed in an Executive order issued under subparagraph (A) shall—

“(i) cause the rate applicable to the acquisition of stock to be higher than 22.5 percent, or

“(C) APPLICATION OF EXECUTIVE ORDERS.—

“(i) Each increase and each decrease in the rates of tax which is prescribed in an Executive order issued under subparagraph (A) shall provide for the same proportionate increase or decrease in each rate of tax, except that any such rate may be rounded to the nearest 0.01 percent.

“(ii) Any Executive order issued under subparagraph (A) shall apply with respect to acquisitions made after the date on which such order is issued (or, if later, after the 29th day following the date of the enactment of this paragraph); except that in the case of any such order which increases the rates of tax (as in effect without regard to such order), to the extent specified in such order, rules similar to the rules prescribed by paragraphs (2), (3), and (4) of section 3(c) of the Interest Equalization Tax Extension Act of 1967 shall apply.

“(iii) If, by reason of an Executive order issued under subparagraph (A), the rates of tax in effect on the date of an acquisition described in paragraph (2) or (4) of section 3(c) of the Interest Equalization Tax Extension Act of 1967 are lower than the rates of tax in effect on January 25, 1967, the applicable rate of tax prescribed in such Executive order shall apply to such acquisition.

“(3) RATES DURING INTERIM PERIOD.—In the case of acquisitions of stock and debt obligations made after January 25, 1967, and before the thirtieth day after the date of the enactment of this paragraph, the tax imposed by subsection (a) shall be 22.5 percent in the case of acquisition of stock, and shall be determined under column II (B) (rather than column II (A)) of the table in paragraph (1) (B) in the case of acquisition of a debt obligation.

“(4) REGULATIONS.—The Secretary or his delegate may prescribe such regulations (not inconsistent with the provisions of this section or of any Executive order issued and in effect under this section) as may be necessary to carry out the provisions of this section.”

(2) the rates and charges for such services applicable at the time of transfer shall not be changed for a period of one year from the date of such transfer unless approved by a governmental body or commission having jurisdiction; and

The principal works of the project shall consist of a diversion dam on the Platte River, a main supply canal, an interconnected reservoir system, hydroelectric power facilities, wasteways, pumps, drains, canals, laterals, distribution facilities, and related works.

SEC. 2. The Nebraska Mid-State division shall be integrated, physically and financially, with the other Federal works in the Missouri River Basin constructed or authorized to be constructed under the comprehensive plans approved by section 9 of the Act of December 22, 1944 (58 Stat. 891), as amended and supplemented, and shall be a division of the Missouri River Basin project therein approved and authorized.

SEC. 3. The interest rate used for computing interest during construction and interest on the unpaid balance of the capital costs allocated to interest-bearing features of the Nebraska Mid-State division shall be determined by the Secretary of the Treasury as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations, which are neither due nor callable for redemption for fifteen years from date of issue.

SEC. 4. For a period of ten years from the date of enactment of this Act, no water from the project authorized by this Act shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949, or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b)(10) of the Agricultural Adjustment Act of 1938, as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

SEC. 6. There is authorized to be appropriated for construction of the Nebraska Mid-State division as authorized in this Act, the sum of \$106,135,000 (January 1967 price levels) plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indexes applicable to the types of construction involved herein. There are also authorized to be appropriated such additional sums as may be required for operation and maintenance of the division.

SEC. 7. In order to assure repayment of the irrigation portion of this project, no funds shall be appropriated for construction nor shall any construction be started until firm and binding contracts have been signed by the owners of the full one hundred and forty thousand acres of land to be irrigated from waters furnished by the Mid-State reclamation project, said contracts to be certified by the Mid-State Board of Directors.

### AN ACT

November 14, 1967  
[S. 1872]

To amend further the Foreign Assistance Act of 1961, as amended, and for other purposes.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "Foreign Assistance Act of 1967".

Foreign Assistance Act of 1967.

## PART I

### CHAPTER 1—POLICY

SEC. 101. Section 102 of the Foreign Assistance Act of 1961, as amended, which relates to the statement of policy, is amended to read as follows:

75 Stat. 424.  
22 USC 2151.

"SEC. 102. STATEMENT OF POLICY.—The Congress declares that the freedom, security, and prosperity of the United States are best sustained in a community of free, secure, and prospering nations. In particular, the Congress recognizes the threat to world peace posed by aggression and subversion wherever they occur, and that ignorance, want, and despair breed the extremism and violence which lead to aggression and subversion. The Congress declares therefore that it is not only expressive of our sense of freedom, justice, and compassion but also important to our national security that the United States, through private as well as public efforts, assist the people of less developed countries in their efforts to acquire the knowledge and resources essential for development and to build the economic, political, and social institutions which will meet their aspirations for a better life, with freedom, and in peace.

"In addition, the Congress declares that it is the policy of the United States to support the principles of increased economic cooperation and trade among countries, freedom of the press, information, and religion, freedom of navigation in international waterways, and recognition of the right of all private persons to travel and pursue their lawful activities without discrimination as to race or religion. The Congress further declares that any distinction made by foreign nations between American citizens because of race, color, or religion in the granting of, or the exercise of, personal or other rights available to American citizens is repugnant to our principles.

"The Congress further declares that to achieve the objectives of this Act, programs authorized by this Act should be carried out in accordance with the following principles:

"First, development is primarily the responsibility of the people of the less developed countries themselves. Assistance from the United States shall be used in support of, rather than substitution for, the self-help efforts that are essential to successful development programs, and shall be concentrated in those countries that take positive steps to help themselves. Maximum effort shall be made, in the administration of this Act, to stimulate the involvement of the people in the development process through the encouragement of democratic participation in private and local governmental activities and institution-building appropriate to the requirements of the recipient nations.

"Second, the tasks of successful development in some instances require the active involvement and cooperation of many countries on a multilateral basis. Therefore, to the maximum extent practicable, other countries shall be encouraged to increase their contributions to development programs and projects so that the cost of such common undertakings, which are for the benefit of all, may be shared equitably by all.

"Third, assistance shall be utilized to encourage regional cooperation by less developed countries in the solution of common problems and the development of shared resources.

"Fourth, the first objects of assistance shall be to support the efforts of less developed countries to meet the fundamental needs of their peoples for sufficient food, good health, home ownership and decent housing, and the opportunity to gain the basic knowledge and skills required to make their own way forward to a brighter future. In supporting these objectives, particular emphasis shall be placed on utilization of resources for food production and voluntary family planning.

"Fifth, assistance shall wherever practicable be constituted of United States commodities and services furnished in a manner consistent with other efforts of the United States to improve its balance of payments position.

"Sixth, assistance shall be furnished in such a manner as to promote efficiency and economy in operations so that the United States obtains maximum possible effectiveness for each dollar spent.

"Seventh, to the maximum extent practicable, the furnishing of agricultural commodities, disposal of excess property, and United States payments to international lending institutions, undertaken pursuant to this or any other Act, shall complement and be coordinated with assistance provided under this part.

"It is the sense of the Congress that every effort must be made to obtain a permanent peace in the Middle East. To help promote that objective, the United States should encourage, as part of pacific settlement, direct talks among the parties concerned, using such third party or United Nations assistance as they may wish. To this end, the President should undertake immediately (1) a thorough review of the needs of the several countries of that area, and (2) a reevaluation of United States policies aimed at helping meet those needs and securing a permanent peace in the area.

Middle East,  
permanent peace  
efforts.

"It is further the sense of the Congress that in any case in which any foreign country has severed diplomatic relations with the United States, the President should suspend assistance to such country under this or any other Act, including any program designed to complement assistance under this Act (such as sales of agricultural commodities under the Agricultural Trade Development and Assistance Act of 1954). When diplomatic relations are resumed, a further study should be made on a country-by-country basis to determine whether United States foreign policy objectives would be served by extending assistance under this or any other Act, including any program designed to complement such assistance."

68 Stat. 454.  
7 USC 1691  
note.

(e) At the end of such title I, add the following new sections:

"SEC. 207. PURPOSES OF DEVELOPMENT ASSISTANCE.—In furnishing development assistance under this chapter the President shall place appropriate emphasis on—

"(a) assuring maximum participation in the task of economic development by the people of less developed countries through the encouragement of strong economic, political, and social institutions needed for a progressive democratic society;

"(b) programs directed at enabling a country to meet the food needs of its people from its own resources, including the furnishing of technical knowledge and of resources necessary to increase agricultural productivity; assistance for improved storage, transportation, marketing, and credit facilities (including provision for foreign currency loans to small farmers), cooperatives, water conservation programs, and adaptive research programs; and technological advice: *Provided*, That relief from the immediate threat of famine, hunger, and malnutrition may be provided by the United States and other countries, and that assistance provided under the Agricultural Trade Development and Assistance Act of 1954, as amended, should complement assistance furnished under this Act;

"(c) assisting recipient countries in their efforts to meet increasing needs for trained manpower in their development efforts by improving education planning and research, training teachers and administrators, developing and constructing educational institutions, and using modern educational technology;

"(d) developing programs to combat malnutrition, to control and eradicate disease, to clear slums, and to provide adequate and safe drinking water, adequate sewage disposal systems, overall health education, maternal and child care, and voluntary family planning services which shall, where feasible, be included as part of programs of maternal and child care, and other public health assistance; and

"(e) other important development activities including assistance for programs to assist industrial development; the growth of free labor unions, cooperatives, and voluntary agencies; improvement of transportation and communication systems; development of capabilities for sound economic planning and public administration; urban development; and modernization of existing laws to facilitate economic development.

"SEC. 208. SELF-HELP CRITERIA.—In determining whether and to what extent the United States should furnish development assistance to a country under this chapter the President shall take into account—

"(a) the extent to which the country is taking such measures as may be appropriate to its needs and capabilities to increase food production and improve the means for storage and distribution of food;

“(b) the extent to which the country is creating a favorable climate for private enterprise and investment, both domestic and foreign;

“(c) the extent to which the government of the country is increasing the role of the people in the developmental process;

“(d) the extent to which the country’s governmental expenditures are allocated to key developmental areas, including agriculture, health, and education, and not diverted for unnecessary military purposes or to intervention in the affairs of other free and independent nations;

“(e) the extent to which the country is willing to make contributions of its own to the projects and programs for which the assistance is provided;

“(f) the extent to which the country is making economic, social, and political reforms, such as tax collection improvements and changes in land tenure arrangements, that will enable it to achieve developmental objectives more efficiently and justly; and

“(g) the extent to which the country is otherwise showing a responsiveness to the vital economic, political, and social concerns of its people, and demonstrating a clear determination to take effective self-help measures.

“SEC. 209. MULTILATERAL AND REGIONAL PROGRAMS.—(a) **MULTILATERAL PROGRAMS.**—The Congress recognizes that planning and administration of development assistance by, or under the sponsorship of, multilateral lending institutions and other international organizations may, in some instances, contribute to the efficiency and effectiveness of that assistance through participation of other donors in the development effort, improved coordination of policies and programs, pooling of knowledge, avoidance of duplication of facilities and manpower, and greater encouragement of self-help performance.

“(b) **REGIONAL PROGRAMS.**—It is further the sense of the Congress (1) that where problems or opportunities are common to two or more countries in a region, in such fields as agriculture, education, transportation, communications, power, watershed development, disease control, and establishment of development banks, these countries often can more effectively resolve such problems and exploit such opportunities by joining together in regional organizations or working together on regional programs, (2) that assistance often can be utilized more efficiently in regional programs than in separate country programs, and (3) that to the maximum extent practicable consistent with the purposes of this Act assistance under this Act should be furnished so as to encourage less developed countries to cooperate with each other in regional development programs.”

To amend the Clean Air Act to authorize planning grants to air pollution control agencies; expand research provisions relating to fuels and vehicles; provide for interstate air pollution control agencies or commissions; authorize the establishment of air quality standards, and for other purposes.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Air Quality Act of 1967".*

Air Quality Act  
of 1967.

SEC. 2. The Clean Air Act, as amended (42 U.S.C. 1857-1857I), is hereby amended to read as follows:

77 Stat. 392;  
79 Stat. 992.

## "TITLE I—AIR POLLUTION PREVENTION AND CONTROL

### "FINDINGS AND PURPOSES

"SEC. 101. (a) The Congress finds—

"(1) that the predominant part of the Nation's population is located in its rapidly expanding metropolitan and other urban areas, which generally cross the boundary lines of local jurisdictions and often extend into two or more States;

"(2) that the growth in the amount and complexity of air pollution brought about by urbanization, industrial development, and the increasing use of motor vehicles, has resulted in mounting dangers to the public health and welfare, including injury to agricultural crops and livestock, damage to and the deterioration of property, and hazards to air and ground transportation;

"(3) that the prevention and control of air pollution at its source is the primary responsibility of States and local governments; and

"(4) that Federal financial assistance and leadership is essential for the development of cooperative Federal, State, regional, and local programs to prevent and control air pollution.

"(b) The purposes of this title are—

"(1) to protect and enhance the quality of the Nation's air resources so as to promote the public health and welfare and the productive capacity of its population;

"(2) to initiate and accelerate a national research and development program to achieve the prevention and control of air pollution;

"(3) to provide technical and financial assistance to State and local governments in connection with the development and execution of their air pollution prevention and control programs; and

"(4) to encourage and assist the development and operation of regional air pollution control programs.

### "COOPERATIVE ACTIVITIES AND UNIFORM LAWS

"SEC. 102. (a) The Secretary shall encourage cooperative activities by the States and local governments for the prevention and control of air pollution; encourage the enactment of improved and, so far as practicable in the light of varying conditions and needs, uniform State and local laws relating to the prevention and control of air pollution; and encourage the making of agreements and compacts between States for the prevention and control of air pollution.

"(b) The Secretary shall cooperate with and encourage cooperative activities by all Federal departments and agencies having functions relating to the prevention and control of air pollution, so as to assure

the utilization in the Federal air pollution control program of all appropriate and available facilities and resources within the Federal Government.

“(c) The consent of the Congress is hereby given to two or more States to negotiate and enter into agreements or compacts, not in conflict with any law or treaty of the United States, for (1) cooperative effort and mutual assistance for the prevention and control of air pollution and the enforcement of their respective laws relating thereto, and (2) the establishment of such agencies, joint or otherwise, as they may deem desirable for making effective such agreements or compacts. No such agreement or compact shall be binding or obligatory upon any State a party thereto unless and until it has been approved by Congress. It is the intent of Congress that no agreement or compact entered into between States after the date of enactment of the Air Quality Act of 1967, which relates to the control and abatement of air pollution in an air quality control region, shall provide for participation by a State which is not included (in whole or in part) in such air quality control region.

“RESEARCH, INVESTIGATIONS, TRAINING, AND OTHER ACTIVITIES

“SEC. 103. (a) The Secretary shall establish a national research and development program for the prevention and control of air pollution and as part of such program shall—

“(1) conduct, and promote the coordination and acceleration of, research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, and control of air pollution;

“(2) encourage, cooperate with, and render technical services and provide financial assistance to air pollution control agencies and other appropriate public or private agencies, institutions, and organizations, and individuals in the conduct of such activities;

“(3) conduct investigations and research and make surveys concerning any specific problem of air pollution in cooperation with any air pollution control agency with a view to recommending a solution of such problem, if he is requested to do so by such agency or if, in his judgment, such problem may affect any community or communities in a State other than that in which the source of the matter causing or contributing to the pollution is located;

“(4) establish technical advisory committees composed of recognized experts in various aspects of air pollution to assist in the examination and evaluation of research progress and proposals and to avoid duplication of research.

“(b) In carrying out the provisions of the preceding subsection the Secretary is authorized to—

“(1) collect and make available, through publications and other appropriate means, the results of and other information, including appropriate recommendations by him in connection therewith, pertaining to such research and other activities;

“(2) cooperate with other Federal departments and agencies, with air pollution control agencies, with other public and private agencies, institutions, and organizations, and with any industries involved, in the preparation and conduct of such research and other activities;

“(3) make grants to air pollution control agencies, to other public or nonprofit private agencies, institutions, and organizations, and to individuals, for purposes stated in subsection (a) (1) of this section;

“(4) contract with public or private agencies, institutions, and organizations, and with individuals, without regard to sections

3648 and 3709 of the Revised Statutes (31 U.S.C. 529; 41 U.S.C. 5);

“(5) provide training for, and make training grants to, personnel of air pollution control agencies and other persons with suitable qualifications;

“(6) establish and maintain research fellowships, in the Department of Health, Education, and Welfare and at public or non-profit private educational institutions or research organizations;

“(7) collect and disseminate, in cooperation with other Federal departments and agencies, and with other public or private agencies, institutions, and organizations having related responsibilities, basic data on chemical, physical, and biological effects of varying air quality and other information pertaining to air pollution and the prevention and control thereof; and

“(8) develop effective and practical processes, methods, and prototype devices for the prevention or control of air pollution.

“(c) In carrying out the provisions of subsection (a) of this section the Secretary shall conduct research on, and survey the results of other scientific studies on, the harmful effects on the health or welfare of persons by the various known air pollution agents (or combinations of agents).

“(d) The Secretary is authorized to construct such facilities and staff and equip them as he determines to be necessary to carry out his functions under this Act.

“(e) If, in the judgment of the Secretary, an air pollution problem of substantial significance may result from discharge or discharges into the atmosphere, he may call a conference concerning this potential air pollution problem to be held in or near one or more of the places where such discharge or discharges are occurring or will occur. All interested persons shall be given an opportunity to be heard at such conference, either orally or in writing, and shall be permitted to appear in person or by representative in accordance with procedures prescribed by the Secretary. If the Secretary finds, on the basis of the evidence presented at such conference, that the discharge or discharges if permitted to take place or continue are likely to cause or contribute to air pollution subject to abatement under section 108(a), he shall send such findings, together with recommendations concerning the measures which he finds reasonable and suitable to prevent such pollution, to the person or persons whose actions will result in the discharge or discharges involved; to air pollution agencies of the State or States and of the municipality or municipalities where such discharge or discharges will originate; and to the interstate air pollution control agency, if any, in the jurisdictional area of which any such municipality is located. Such findings and recommendations shall be advisory only, but shall be admitted together with the record of the conference, as part of the proceedings under subsections (d), (e), and (f) of section 108.

#### “RESEARCH RELATING TO FUELS AND VEHICLES

“SEC. 104. (a) The Secretary shall give special emphasis to research and development into new and improved methods, having industry-wide application, for the prevention and control of air pollution resulting from the combustion of fuels. In furtherance of such research and development he shall—

“(1) conduct and accelerate research programs directed toward development of improved, low-cost techniques for control of com-

bustion byproducts of fuels, for removal of potential pollutants from fuels, and for control of emissions from evaporation of fuels;

“(2) provide for Federal grants to public or nonprofit agencies, institutions, and organizations and to individuals, and contracts with public or private agencies, institutions, or persons, for payment of (A) part of the cost of acquiring, constructing, or otherwise securing for research and development purposes, new or improved devices or methods having industrywide application of preventing or controlling discharges into the air of various types of pollutants; and (B) carrying out the other provisions of this section, without regard to sections 3648 and 3709 of the Revised Statutes (31 U.S.C. 529; 41 U.S.C. 5): *Provided*, That research or demonstration contracts awarded pursuant to this subsection (including contracts for construction) may be made in accordance with, and subject to the limitations provided with respect to research contracts of the military departments in, section 2353 of title 10, United States Code, except that the determination, approval, and certification required thereby shall be made by the Secretary: *Provided further*, That no grant may be made under this paragraph in excess of \$1,500,000;

70A Stat. 134.

Limitation.

“(3) determine, by laboratory and pilot plant testing, the results of air pollution research and studies in order to develop new or improved processes and plant designs to the point where they can be demonstrated on a large and practical scale;

“(5) study new or improved methods for the recovery and marketing of commercially valuable byproducts resulting from the removal of pollutants.

“(b) In carrying out the provisions of this section, the Secretary may—

“(1) conduct and accelerate research and development of low-cost instrumentation techniques to facilitate determination of quantity and quality of air pollutant emissions, including, but not limited to, automotive emissions;

“(2) utilize, on a reimbursable basis, the facilities of existing Federal scientific laboratories;

“(3) establish and operate necessary facilities and test sites at which to carry on the research, testing, development, and programming necessary to effectuate the purposes of this section;

“(5) cause on-site inspections to be made of promising domestic and foreign projects, and cooperate and participate in their development in instances in which the purposes of the Act will be served thereby.

Appropriation.

“(c) For the purposes of this section there are authorized to be appropriated for the fiscal year ending June 30, 1968, \$35,000,000, and for the fiscal year ending June 30, 1969, \$90,000,000. Amounts appropriated pursuant to this subsection shall remain available until expended.

## "GRANTS FOR SUPPORT OF AIR POLLUTION PLANNING AND CONTROL PROGRAMS

"SEC. 105. (a) (1) The Secretary is authorized to make grants to air pollution control agencies in an amount up to two-thirds of the cost of planning, developing, establishing, or improving, and grants to such agencies in an amount up to one-half of the cost of maintaining, programs for the prevention and control of air pollution and programs for the implementation of air quality standards authorized by this Act: *Provided*, That the Secretary is authorized to make grants to air pollution control agencies within the meaning of sections 302(b) (2) and 302(b) (4) in an amount up to three-fourths of the cost of planning, developing, establishing, or improving and up to three-fifths of the cost of maintaining, regional air quality control programs. As used in this subsection the term 'regional air quality control program' means a program for the prevention and control of air pollution or the implementation of air quality standards programs as authorized by this Act, in an area that includes the areas of two or more municipalities whether in the same or different States.

"Regional air quality control program."

"(2) Before approving any grant under this subsection to any air pollution control agency within the meaning of sections 302(b) (2) and 302(b) (4), the Secretary shall receive assurances that such agency provides for adequate representation of appropriate State, interstate, local, and (when appropriate) international, interests in the air quality control region.

"(3) Before approving any planning grant under this subsection to any air pollution control agency within the meaning of sections 302(b) (2) and 302(b) (4), the Secretary shall receive assurances that such agency has the capability of developing a comprehensive air quality plan for the air quality control region, which plan shall include (when appropriate) a recommended system of alerts to avert and reduce the risk of situations in which there may be imminent and serious danger to the public health or welfare from air pollutants and the various aspects relevant to the establishment of air quality standards for such air quality control region, including the concentration of industries, other commercial establishments, population and naturally occurring factors which shall affect such standards.

"(b) From the sums available for the purposes of subsection (a) of this section for any fiscal year, the Secretary shall from time to time make grants to air pollution control agencies upon such terms and conditions as the Secretary may find necessary to carry out the purpose of this section. In establishing regulations for the granting of such funds the Secretary shall, so far as practicable, give due consideration to (1) the population, (2) the extent of the actual or potential air pollution problem, and (3) the financial need of the respective agencies. No agency shall receive any grant under this section during any fiscal year when its expenditures of non-Federal funds for other than nonrecurrent expenditures for air pollution control programs will be less than its expenditures were for such programs during the preceding fiscal year; and no agency shall receive any grant under this section with respect to the maintenance of a program for the prevention and control of air pollution unless the Secretary is satisfied that such grant will be so used as to supplement and, to the extent practicable, increase the level of State, local, or other non-Federal funds that would in the absence of such grant be made available for the maintenance of such program, and will in no event supplant such State, local, or other non-Federal funds. No grant shall be made under this section until the Secretary has consulted with the appropriate official as designated by the Governor or Governors of the State or States affected.

## Limitation.

“(c) Not more than 10 per centum of the total of funds appropriated or allocated for the purposes of subsection (a) of this section shall be granted for air pollution control programs in any one State. In the case of a grant for a program in an area crossing State boundaries, the Secretary shall determine the portion of such grant that is chargeable to the percentage limitation under this subsection for each State into which such area extends.

(a) For the purpose of expediting the establishment of air quality standards in an interstate air quality control region designated pursuant to section 107(a)(2), the Secretary is authorized to pay, for two years, up to 100 per centum of the air quality planning program costs of any agency designated by the Governors of the affected States, which agency shall be capable of recommending to the Governors standards of air quality and plans for implementation thereof and shall include representation from the States and appropriate political subdivisions within the air quality control region. After the initial two-year period the Secretary is authorized to make grants to such agency in an amount up to three-fourths of the air quality planning program costs of such agency.

“(b)(1) Whenever the Secretary deems it necessary to expedite the establishment of standards for an interstate air quality control region designated pursuant to section 107(a)(2) he may, after consultation with the Governors of the affected States, designate or establish an air quality planning commission for the purpose of developing recommended regulations setting forth standards of air quality to be applicable to such air quality control region.

“(2) Such Commission shall consist of the Secretary or his designee who shall serve as Chairman, and adequate representation of appropriate State, interstate, local and (when appropriate), international, interests in the designated air quality control region.

“(3) The Secretary shall, within available funds, provide such staff for such Commission as may be necessary to enable it to carry out its functions effectively, and shall pay the other expenses of the Commission; and may also accept for the use by such Commission, funds, property, or services contributed by the State involved or political subdivisions thereof.

“(4) Each appointee from a State, other than an official or employee thereof, or of any political subdivision thereof, shall, while engaged in the work of the Commission, receive compensation at a rate fixed by the Secretary, but not in excess of \$100 per diem, including traveltime, and while away from his home or regular place of business, he may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law (5 U.S.C. 3109) for persons in the Government service employed intermittently.

## “AIR QUALITY CONTROL REGIONS, CRITERIA, AND CONTROL TECHNIQUES

“SEC. 107. (a)(1) The Secretary shall, as soon as practicable, but not later than one year after the date of enactment of the Air Quality Act of 1967, define for the purposes of this Act, atmospheric areas of the Nation on the basis of those conditions, including, but not limited to, climate, meteorology, and topography, which affect the interchange and diffusion of pollutants in the atmosphere.

“(2) For the purpose of establishing ambient air quality standards pursuant to section 108, and for administrative and other purposes, the Secretary, after consultation with appropriate State and local authorities shall, to the extent feasible, within 18 months after the date of

enactment of the Air Quality Act of 1967 designate air quality control regions based on jurisdictional boundaries, urban-industrial concentrations, and other factors including atmospheric areas necessary to provide adequate implementation of air quality standards. The Secretary may from time to time thereafter, as he determines necessary to protect the public health and welfare and after consultation with appropriate State and local authorities, revise the designation of such regions and designate additional air quality control regions. The Secretary shall immediately notify the Governor or Governors of the affected State or States of such designation.

“(b)(1) The Secretary shall, after consultation with appropriate advisory committees and Federal departments and agencies, from time to time, but as soon as practicable, develop and issue to the States such criteria of air quality as in his judgment may be requisite for the protection of the public health and welfare: *Provided*, That any criteria issued prior to enactment of this section shall be reevaluated in accordance with the consultation procedure and other provisions of this section and, if necessary, modified and reissued. Such issuance shall be announced in the Federal Register and copies shall be made available to the general public.

Federal Register.

“(2) Such criteria shall accurately reflect the latest scientific knowledge useful in indicating the kind and extent of all identifiable effects on health and welfare which may be expected from the presence of an air pollution agent, or combination of agents in the ambient air, in varying quantities.

“(3) Such criteria shall include those variable factors which of themselves or in combination with other factors may alter the effects on public health and welfare of any subject agent or combination of agents, including, but not limited to, atmospheric conditions, and the types of air pollution agent or agents which, when present in the atmosphere, may interact with such subject agent or agents, to produce an adverse effect on public health and welfare.

“(c) The Secretary shall, after consultation with appropriate advisory committees and Federal departments and agencies, issue to the States and appropriate air pollution control agencies information on those recommended pollution control techniques the application of which is necessary to achieve levels of air quality set forth in criteria issued pursuant to subsection (b), including those criteria subject to the proviso in subsection (b)(1), which information shall include technical data relating to the technology and costs of emission control. Such recommendations shall include such data as are available on the latest available technology and economic feasibility of alternative methods of prevention and control of air contamination including cost-effectiveness analyses. Such issuance shall be announced in the Federal Register and copies shall be made available to the general public.

Publication in  
Federal Register.

“(d) The Secretary shall, from time to time, revise and reissue material issued pursuant to subsections (b) and (c) in accordance with procedures established in such subsections.

#### “AIR QUALITY STANDARDS AND ABATEMENT OF AIR POLLUTION

“SEC. 108. (a) The pollution of the air in any State or States which endangers the health or welfare of any persons, shall be subject to abatement as provided in this section.

“(b) Consistent with the policy declaration of this title, municipal, State, and interstate action to abate air pollution shall be encouraged and shall not be displaced by Federal enforcement action except as otherwise provided by or pursuant to a court order under subsection (c), (h), or (k).

“(c) (1) If, after receiving any air quality criteria and recommended control techniques issued pursuant to section 107, the Governor of a State, within ninety days of such receipt, files a letter of intent that such State will within one hundred and eighty days, and from time to time thereafter, adopt, after public hearings, ambient air quality standards applicable to any designated air quality control region or portions thereof within such State and within one hundred and eighty days thereafter, and from time to time as may be necessary, adopts a plan for the implementation, maintenance, and enforcement of such standards of air quality adopted, and if such standards and plan are established in accordance with the letter of intent and if the Secretary determines that such State standards are consistent with the air quality criteria and recommended control techniques issued pursuant to section 107; that the plan is consistent with the purposes of the Act insofar as it assures achieving such standards of air quality within a reasonable time; and that a means of enforcement by State action, including authority comparable to that in subsection (k) of this section, is provided, such State standards and plan shall be the air quality standards applicable to such State. If the Secretary determines that any revised State standards and plan are consistent with the purposes of this Act and this subsection, such standards and plan shall be the air quality standards applicable to such State.

“(2) If a State does not (A) file a letter of intent or (B) establish air quality standards in accordance with paragraph (1) of this subsection with respect to any air quality control region or portion thereof and if the Secretary finds it necessary to achieve the purpose of this Act, or the Governor of any State affected by air quality standards established pursuant to this subsection petitions for a revision in such standards, the Secretary may after reasonable notice and a conference of representatives of appropriate Federal departments and agencies, interstate agencies, States, municipalities, and industries involved, prepare regulations setting forth standards of air quality consistent with the air quality criteria and recommended control techniques issued pursuant to section 107 to be applicable to such air quality control region or portions thereof. If, within six months from the date the Secretary publishes such regulations, the State has not adopted air quality standards found by the Secretary to be consistent with the purposes of this Act, or a petition for public hearing has not been filed under paragraph (3) of this subsection, the Secretary shall promulgate such standards.

Hearings; board members.

“(3) If at any time prior to thirty days after standards have been promulgated under paragraph (2) of this subsection, the Governor of any State affected by such standards petitions the Secretary for a hearing, the Secretary shall call a public hearing for the purpose of receiving testimony from State and local pollution control agencies and other interested parties affected by the proposed standards, to be held in or near one or more of the places where the air quality standards will take effect, before a hearing board of five or more persons appointed by the Secretary. Each State which would be affected by such standards shall be given an opportunity to select a member of the hearing board. Each Federal department, agency, or instrumentality having a substantial interest in the subject matter as determined by the Secretary shall be given an opportunity to select one member of the hearing board and not less than a majority of the hearing board shall be persons other than officers or employees of the Department of Health, Education, and Welfare. The members of the board who are not officers or employees of the United States, while participating in the hearing conducted by such hearing board or otherwise engaged in the work of such hearing board, shall be entitled to receive compensation at a rate fixed by the Secretary, but not exceeding \$100 per diem,

including traveltime, and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703, title 5, of the United States Code for persons in the Government service employed intermittently. At least thirty days prior to the date of such hearing notice of such hearing shall be published in the Federal Register and given to parties notified of the conference required in paragraph (2) of this subsection. On the basis of the evidence presented at such hearing, the hearing board shall within ninety days unless the Secretary determines a longer period is necessary, but in no event longer than one hundred and eighty days, make findings as to whether the standards published or promulgated by the Secretary should be approved or modified and transmit its findings to the Secretary. If the hearing board approves the standards as published or promulgated by the Secretary, the standards shall take effect on receipt by the Secretary of the hearing board's recommendations. If the hearing board recommends modifications in the standards as published or promulgated by the Secretary, the Secretary shall promulgate revised regulations setting forth standards of air quality in accordance with the hearing board's recommendations which will become effective immediately upon promulgation.

Publication in  
Federal Register.

"(4) Whenever, on the basis of surveys, studies and reports, the Secretary finds that the ambient air quality of any air quality control region or portion thereof is below the air quality standards established under this subsection, and he finds that such lowered air quality results from the failure of a State to take reasonable action to enforce such standards, the Secretary shall notify the affected State or States, persons contributing to the alleged violation, and other interested parties of the violation of such standards. If such failure does not cease within one hundred and eighty days from the date of the Secretary's notification, the Secretary—

"(i) in the case of pollution of air which is endangering the health or welfare of persons in a State other than that in which the discharge or discharges (causing or contributing to such pollution) originate, may request the Attorney General to bring a suit on behalf of the United States in the appropriate United States district court to secure abatement of the pollution.

"(ii) in the case of pollution of air which is endangering the health or welfare of persons only in the State in which the discharge or discharges (causing or contributing to such pollution) originate, at the request of the Governor of such State, shall provide such technical and other assistance as in his judgment is necessary to assist the State in judicial proceedings to secure abatement of the pollution under State or local law, or, at the request of the Governor of such State, shall request the Attorney General to bring suit on behalf of the United States in the appropriate United States district court to secure abatement of the pollution.

In any suit brought under the provisions of this subsection the court shall receive in evidence a transcript of the proceedings of the hearing provided for in this subsection, together with the recommendations of the hearing board and the recommendations and standards promulgated by the Secretary, and such additional evidence, including that relating to the alleged violation of the standards, as it deems necessary to complete review of the standards and to determination of all other issues relating to the alleged violation. The court, giving due consideration to the practicability and to the technological and economic feasibility of complying with such standards, shall have jurisdiction to enter such judgment and orders enforcing such judgment as the public interest and the equities of the case may require.

Conference.

"(d) (1) (A) Whenever requested by the Governor of any State, a State air pollution control agency, or (with the concurrence of the Governor and the State air pollution control agency for the State in which the municipality is situated) the governing body of any municipality, the Secretary shall, if such request refers to air pollution which is alleged to endanger the health or welfare of persons in a State other than that in which the discharge or discharges (causing or contributing to such pollution) originate, give formal notification thereof to the air pollution control agency of the municipality where such discharge or discharges originate, to the air pollution control agency of the State in which such municipality is located, and to the interstate air pollution control agency, if any, in whose jurisdictional area such municipality is located, and shall call promptly a conference of such agency or agencies and of the air pollution control agencies of the municipalities which may be adversely affected by such pollution, and the air pollution control agency, if any, of each State, or for each area, in which any such municipality is located.

"(B) Whenever requested by the Governor of any State, a State air pollution control agency, or (with the concurrence of the Governor and the State air pollution control agency for the State in which the municipality is situated) the governing body of any municipality, the Secretary shall, if such request refers to alleged air pollution which is endangering the health or welfare of persons only in the State in which the discharge or discharges (causing or contributing to such pollution) originate and if a municipality affected by such air pollution, or the municipality in which such pollution originates, has either made or concurred in such request, give formal notification thereof to the State air pollution control agency, to the air pollution control agencies of the municipality where such discharge or discharges originate, and of the municipality or municipalities alleged to be adversely affected thereby, and to any interstate air pollution control agency, whose jurisdictional area includes any such municipality and shall promptly call a conference of such agency or agencies, unless in the judgment of the Secretary, the effect of such pollution is not of such significance as to warrant exercise of Federal jurisdiction under this section.

"(C) The Secretary may, after consultation with State officials of all affected States, also call such a conference whenever, on the basis of reports, surveys, or studies, he has reason to believe that any pollution referred to in subsection (a) is occurring and is endangering the health and welfare of persons in a State other than that in which the discharge or discharges originate. The Secretary shall invite the cooperation of any municipal, State, or interstate air pollution control agencies having jurisdiction in the affected area on any surveys or studies forming the basis of conference action.

"(D) Whenever the Secretary, upon receipt of reports, surveys, or studies from any duly constituted international agency, has reason to believe that any pollution referred to in subsection (a) which endangers the health or welfare of persons in a foreign country is occurring, or whenever the Secretary of State requests him to do so with respect to such pollution which the Secretary of State alleges is of such a nature, the Secretary of Health, Education, and Welfare shall give formal notification thereof to the air pollution control

agency of the municipality where such discharge or discharges originate, to the air pollution control agency of the State in which such municipality is located, and to the interstate air pollution control agency, if any, in the jurisdictional area of which such municipality is located, and shall call promptly a conference of such agency or agencies. The Secretary shall invite the foreign country which may be adversely affected by the pollution to attend and participate in the conference, and the representative of such country shall, for the purpose of the conference and any further proceeding resulting from such conference, have all the rights of a State air pollution control agency. This subparagraph shall apply only to a foreign country which the Secretary determines has given the United States essentially the same rights with respect to the prevention or control of air pollution occurring in that country as is given that country by this subparagraph.

“(2) The agencies called to attend such conference may bring such persons as they desire to the conference. The Secretary shall deliver to such agencies and make available to other interested parties, at least thirty days prior to any such conference, a Federal report with respect to the matters before the conference, including data and conclusions or findings (if any); and shall give at least thirty days’ prior notice of the conference date to any such agency, and to the public by publication on at least three different days in a newspaper or newspapers of general circulation in the area. The chairman of the conference shall give interested parties an opportunity to present their views to the conference with respect to such Federal report, conclusions or findings (if any), and other pertinent information. The Secretary shall provide that a transcript be maintained of the proceedings of the conference and that a copy of such transcript be made available on request of any participant in the conference at the expense of such participant.

proceedings.

“(3) Following this conference, the Secretary shall prepare and forward to all air pollution control agencies attending the conference a summary of conference discussions including (A) occurrence of air pollution subject to abatement under this Act; (B) adequacy of measures taken toward abatement of the pollution; and (C) nature of delays, if any, being encountered in abating the pollution.

“(e) If the Secretary believes, upon the conclusion of the conference or thereafter, that effective progress toward abatement of such pollution is not being made and that the health or welfare of any persons is being endangered, he shall recommend to the appropriate State, interstate, or municipal air pollution control agency (or to all such agencies) that the necessary remedial action be taken. The Secretary shall allow at least six months from the date he makes such recommendations for the taking of such recommended action.

“(f) (1) If, at the conclusion of the period so allowed, such remedial action or other action which in the judgment of the Secretary is reasonably calculated to secure abatement of such pollution has not been taken, the Secretary shall call a public hearing, to be held in or near one or more of the places where the discharge or discharges causing or contributing to such pollution originated, before a hearing board of five or more persons appointed by the Secretary. Each State in which any discharge causing or contributing to such pollution originates and each State claiming to be adversely affected by such pollution shall be given an opportunity to select one member of such hearing board and each Federal department, agency, or instrumentality having a substantial interest in the subject matter as determined by the Secretary shall be given an opportunity to select one member of such hearing board, and one member shall be a representative of the appropriate interstate air pollution agency if one exists, and not less

than a majority of such hearing board shall be persons other than officers or employees of the Department of Health, Education, and Welfare. At least three weeks' prior notice of such hearing shall be given to the State, interstate, and municipal air pollution control agencies called to attend such hearing and to the alleged polluter or polluters. All interested parties shall be given a reasonable opportunity to present evidence to such hearing board.

"(2) On the basis of evidence presented at such hearing, the hearing board shall make findings as to whether pollution referred to in subsection (a) is occurring and whether effective progress toward abatement thereof is being made. If the hearing board finds such pollution is occurring and effective progress toward abatement thereof is not being made it shall make recommendations to the Secretary concerning the measures, if any, which it finds to be reasonable and suitable to secure abatement of such pollution.

"(3) The Secretary shall send such findings and recommendations to the person or persons discharging any matter causing or contributing to such pollution; to air pollution control agencies of the State or States and of the municipality or municipalities where such discharge or discharges originate; and to any interstate air pollution control agency whose jurisdictional area includes any such municipality, together with a notice specifying a reasonable time (not less than six months) to secure abatement of such pollution.

"(g) If action reasonably calculated to secure abatement of the pollution within the time specified in the notice following the public hearing is not taken, the Secretary—

"(1) in the case of pollution of air which is endangering the health or welfare of persons (A) in a State other than that in which the discharge or discharges (causing or contributing to such pollution) originate, or (B) in a foreign country which has participated in a conference called under subparagraph (D) of subsection (d) of this section and in all proceedings under this section resulting from such conference, may request the Attorney General to bring a suit on behalf of the United States in the appropriate United States district court to secure abatement of the pollution.

"(2) in the case of pollution of air which is endangering the health or welfare of persons only in the State in which the discharge or discharges (causing or contributing to such pollution) originate, at the request of the Governor of such State, shall provide such technical and other assistance as in his judgment is necessary to assist the State in judicial proceedings to secure abatement of the pollution under State or local law or, at the request of the Governor of such State, shall request the Attorney General to bring suit on behalf of the United States in the appropriate United States district court to secure abatement of the pollution.

Jurisdiction.

"(h) The court shall receive in evidence in any suit brought in a United States court under subsection (g) of this section a transcript of the proceedings before the board and a copy of the board's recommendations and shall receive such further evidence as the court in its discretion deems proper. The court, giving due consideration to the practicability of complying with such standards as may be applicable and to the physical and economic feasibility of securing abatement of any pollution proved, shall have jurisdiction to enter such judgment, and orders enforcing such judgment, as the public interest and the equities of the case may require.

United States shall, while participating in the hearing conducted by such board or otherwise engaged on the work of such board, be entitled to receive compensation at a rate fixed by the Secretary, but not exceeding \$100 per diem, including traveltime, and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law (5 U.S.C. 73b-2) for persons in the Government service employed intermittently.

“(j)(1) In connection with any conference called under this section, the Secretary is authorized to require any person whose activities result in the emission of air pollutants causing or contributing to air pollution to file with him, in such form as he may prescribe, a report, based on existing data, furnishing to the Secretary such information as may reasonably be required as to the character, kind, and quantity of pollutants discharged and the use of devices or other means to prevent or reduce the emission of pollutants by the person filing such a report. After a conference has been held with respect to any such pollution the Secretary shall require such reports from the person whose activities result in such pollution only to the extent recommended by such conference. Such report shall be made under oath or otherwise, as the Secretary may prescribe, and shall be filed with the Secretary within such reasonable period as the Secretary may prescribe, unless additional time be granted by the Secretary. No person shall be required in such report to divulge trade secrets or secret processes and all information reported shall be considered confidential for the purposes of section 1905 of title 18 of the United States Code.

62 Stat. 791.

“(2) If any person required to file any report under this subsection shall fail to do so within the time fixed by the Secretary for filing the same, and such failure shall continue for thirty days after notice of such default, such person shall forfeit to the United States the sum of \$100 for each and every day of the continuance of such failure, which forfeiture shall be payable into the Treasury of the United States, and shall be recoverable in a civil suit in the name of the United States brought in the district where such person has his principal office or in any district in which he does business: *Provided*, That the Secretary may upon application therefor remit or mitigate any forfeiture provided for under this subsection and he shall have authority to determine the facts upon all such applications.

“(3) It shall be the duty of the various United States attorneys, under the direction of the Attorney General of the United States, to prosecute for the recovery of such forfeitures.

“(k) Notwithstanding any other provision of this section, the Secretary, upon receipt of evidence that a particular pollution source or combination of sources (including moving sources) is presenting an imminent and substantial endangerment to the health of persons, and finding that appropriate State or local authorities have not acted to abate such sources, may request the Attorney General to bring suit on behalf of the United States in the appropriate United States district court to immediately enjoin any contributor to the alleged pollution to stop the emission of contaminants causing such pollution or to take such other action as may be necessary.

#### “STANDARDS TO ACHIEVE HIGHER LEVEL OF AIR QUALITY

“SEC. 109. Nothing in this title shall prevent a State, political subdivision, intermunicipal or interstate agency from adopting standards and plans to implement an air quality program which will achieve a higher level of ambient air quality than approved by the Secretary.

“COOPERATION BY FEDERAL AGENCIES TO CONTROL AIR POLLUTION FROM  
FEDERAL FACILITIES

“SEC. 111. (a) It is hereby declared to be the intent of Congress that any Federal department or agency having jurisdiction over any building, installation, or other property shall, to the extent practicable and consistent with the interests of the United States and within any available appropriations, cooperate with the Department of Health, Education, and Welfare and with any air pollution control agency in preventing and controlling the pollution of the air in any area insofar as the discharge of any matter from or by such building, installation, or other property may cause or contribute to pollution of the air in such area.

“(b) In order to control air pollution which may endanger the health or welfare of any persons, the Secretary may establish classes of potential pollution sources for which any Federal department or agency having jurisdiction over any building, installation, or other property shall, before discharging any matter into the air of the United States, obtain a permit from the Secretary for such discharge, such permits to be issued for a specified period of time to be determined by the Secretary and subject to revocation if the Secretary finds pollution is endangering the health and welfare of any persons. In connection with the issuance of such permits, there shall be submitted to the Secretary such plans, specifications, and other information as he deems relevant thereto and under such conditions as he may prescribe. The Secretary shall report each January to the Congress the status of such permits and compliance therewith.

(a) The Secretary shall by regulation, giving appropriate consideration to technological feasibility and economic costs, prescribe as soon as practicable standards, applicable to the emission of any kind of substance, from any class or classes of new motor vehicles or new motor vehicle engines, which in his judgment cause or contribute to, or are likely to cause or to contribute to, air pollution which endangers the health or welfare of any persons, and such standards shall apply to such vehicles or engines whether they are designed as complete systems or incorporate other devices to prevent or control such pollution.

“(b) Any regulations initially prescribed under this section, and amendments thereto, with respect to any class of new motor vehicles or new motor vehicle engines shall become effective on the effective date specified in the order promulgating such regulations which date shall be determined by the Secretary after consideration of the period reasonably necessary for industry compliance.

“(2) A new motor vehicle or new motor vehicle engine offered for importation by a manufacturer in violation of subsection (a) shall be refused admission into the United States, but the Secretary of the Treasury and the Secretary of Health, Education, and Welfare may, by joint regulation, provide for deferring final determination as to admission and authorizing the delivery of such a motor vehicle or engine offered for import to the owner or consignee thereof upon such terms and conditions (including the furnishing of a bond) as may appear to them appropriate to insure that any such motor vehicle or engine will be brought into conformity with the standards, requirements, and limitations applicable to it under this title. The Secretary of the Treasury shall, if a motor vehicle or engine is finally refused admission under this paragraph, cause disposition thereof in accordance with the customs laws unless it is exported, under regulations prescribed by such Secretary, within ninety days of the date of notice of such refusal or such additional time as may be permitted pursuant to such regulations, except that disposition in accordance with the customs laws may not be made in such manner as may result, directly or indirectly, in the sale, to the ultimate consumer, of a new motor vehicle or new motor vehicle engine that fails to comply with applicable standards of the Secretary of Health, Education, and Welfare under this title.

### AN ACT

December 8, 1967  
[S. 2514]

To grant the consent of Congress to the Wheeling Creek Watershed Protection and Flood Prevention District Compact.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the consent of Congress is given to the interstate compact relating to the Wheeling Creek Watershed Protection and Flood Prevention District between the Commonwealth of Pennsylvania and the State of West Virginia, ratified by the Commonwealth of Pennsylvania in an Act approved by the Governor of such Commonwealth on August 2, 1967, and by the State of West Virginia in an Act approved by the Governor of such State on March 1, 1967. Such compact reads as follows:

Wheeling Creek Watershed Protection and Flood Prevention District Compact.

## "WHEELING CREEK WATERSHED PROTECTION AND FLOOD PREVENTION DISTRICT COMPACT"

### "ARTICLE I. RECITATION OF REASONS FOR COMPACT."

"Whereas, Wheeling Creek, a tributary of the Ohio River, arises in Pennsylvania, flows through Washington and Greene Counties of that commonwealth, enters the State of West Virginia, flows through Marshall and Ohio Counties, West Virginia, and empties into the Ohio River at Wheeling, West Virginia; and

"Whereas, The inhabitants of Marshall and Ohio Counties, West Virginia, and, also, but to a much lesser degree, the inhabitants of Washington and Greene Counties, Pennsylvania, living along Wheeling Creek have over the years experienced loss of life and property from flooding of that stream; and

"Whereas, Surveys made by the Soil Conservation Service of the United States Department of Agriculture indicate that the inhabitants of the four counties named can best be protected from the flooding of Wheeling Creek by flood prevention dams constructed thereon with some of the dams being located on the upper reaches of the stream and its tributaries in the Commonwealth of Pennsylvania; and

68 Stat. 666.  
16 USC 1001  
note.

"Whereas, The federal Watershed Protection and Flood Prevention Act of 1954, as amended, authorizes, under certain circumstances, federal assistance to local organizations in preparing and carrying out undertakings for flood prevention and the conservation, development, utilization and disposal of water in watershed or subwatershed areas; and

"Whereas, No local organization within the meaning of the federal act aforesaid established by or organized under the laws of West Virginia is competent under state laws to acquire land for, construct, and operate with or without federal assistance flood prevention facilities in the Commonwealth of Pennsylvania, and it appears that no such local organization established by or organized under the laws of the Commonwealth of Pennsylvania can justify the expenditure of locally raised funds to construct and operate flood prevention facilities which will benefit primarily the inhabitants of the neighboring State of West Virginia; and

"Whereas, Facilities erected on the upper reaches of Wheeling Creek and its tributaries for flood control and prevention can nevertheless have a recreational value for the citizens of both West Virginia and Pennsylvania and particularly the citizens of Ohio and Marshall Counties, West Virginia, and Washington and Greene Counties, Pennsylvania; accordingly, for purposes of promoting that potential, as well as providing a vehicle or means whereby federal assistance may be enlisted for the protection of citizens of her neighboring State of West Virginia from the flooding of Wheeling Creek, the Commonwealth of Pennsylvania joins with the State of West Virginia in negotiating and ratifying this compact; now therefore,

#### **"ARTICLE II. WHEELING CREEK WATERSHED PROTECTION AND FLOOD PREVENTION DISTRICT CREATED.**

"The commissioners shall serve without compensation from the commission, but they shall be paid by the commission their actual expenses incurred and incident to the performance of their duties.

#### **"ARTICLE V. ORGANIZATION OF COMMISSION.**

"The commission shall meet and organize within sixty days after the effective date of this compact, shall elect from its number a chairman and vice chairman, and shall appoint, and at its pleasure remove or discharge, such officers and legal, clerical, expert and other assistants as may be required to carry the provisions of this compact into effect, and shall determine their qualifications and fix their duties and compensation. It shall adopt a seal and suitable bylaws, and shall adopt and promulgate rules and regulations for its management and control. It may establish and maintain one or more offices within the district for the transaction of its business, and may meet at any time or place. The presence of three commissioners from the Commonwealth of Pennsylvania and three commissioners from the State of West Virginia shall constitute a quorum, and a majority vote of the quorum shall be necessary to pass upon matters before the commission.

**"AN AGREEMENT TO EXTEND THE INTERSTATE COMPACT TO CONSERVE OIL AND GAS**

"Whereas, on the 16th day of February, 1935, in the City of Dallas, Texas, there was executed 'An Interstate Compact To Conserve Oil and Gas' which was thereafter formally ratified and approved by the States of Oklahoma, Texas, New Mexico, Illinois, Colorado, and Kansas, the original of which is now on deposit with the Department of State of the United States, a true copy of which follows:

“AN INTERSTATE COMPACT TO CONSERVE OIL AND GAS

“ARTICLE I

“This agreement may become effective within any compacting state at any time as prescribed by that state, and shall become effective within those states ratifying it whenever any three of the States of Texas, Oklahoma, California, Kansas, and New Mexico have ratified and Congress has given its consent. Any oil-producing state may become a party hereto as hereinafter provided.

“ARTICLE II

“The purpose of this compact is to conserve oil and gas by the prevention of physical waste thereof from any cause.

“ARTICLE III

“Each state bound hereby agrees that within a reasonable time it will enact laws, or if the laws have been enacted, then it agrees to continue the same in force, to accomplish within reasonable limits the prevention of:

“(a) The operation of any oil well with an inefficient gas-oil ratio.

“(b) The drowning with water of any stratum capable of producing oil or gas, or both oil and gas, in paying quantities.

“(c) The avoidable escape into the open air or the wasteful burning of gas from a natural gas well.

“(d) The creation of unnecessary fire hazards.

“(e) The drilling, equipping, locating, spacing or operating of a well or wells so as to bring about physical waste of oil or gas or loss in the ultimate recovery thereof.

“(f) The inefficient, excessive or improper use of the reservoir energy in producing any well.

“The enumeration of the foregoing subjects shall not limit the scope of the authority of any state.

“ARTICLE IV

“Each state bound hereby agrees that it will, within a reasonable time, enact statutes, or if such statutes have been enacted then that it will continue the same in force, providing in effect that oil produced in violation of its valid oil and/or gas conservation statutes or any valid rule, order or regulation promulgated thereunder, shall be denied access to commerce; and providing for stringent penalties for the waste of either oil or gas.

“ARTICLE V

“It is not the purpose of this compact to authorize the states joining herein to limit the production of oil or gas for the purpose of stabilizing or fixing the price thereof, or create or perpetuate monopoly, or to promote regimentation, but is limited to the purpose of conserving oil and gas and preventing the avoidable waste thereof within reasonable limitations.

“ARTICLE VI

“Each State joining herein shall appoint one representative to a commission hereby constituted and designated as “The Interstate Oil Compact Commission”, the duty of which said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances, and conditions as may be disclosed for bringing about conservation and the prevention of physical waste of oil and

gas, and at such intervals as said commission deems beneficial it shall report its findings and recommendations to the several States for adoption or rejection.

"The Commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their several jurisdictions to promote the maximum ultimate recovery from the petroleum reserves of said states, and to recommend measures for the maximum ultimate recovery of oil and gas. Said Commission shall organize and adopt suitable rules and regulations for the conduct of its business.

"No action shall be taken by the Commission except: (1) by the affirmative votes of the majority of the whole number of the compacting States represented at any meeting, and (2) by a concurring vote of a majority in interest of the compacting States at said meeting, such interest to be determined as follows: such vote of each State shall be in the decimal proportion fixed by the ratio of its daily average production during the preceding calendar half-year to the daily average production of the compacting States during said period.

#### "ARTICLE VII

"No State by joining herein shall become financially obligated to any other State, nor shall the breach of the terms hereof by any State subject such State to financial responsibility to the other States joining herein.

#### "ARTICLE VIII

"This compact shall expire September 1, 1937. But any State joining herein may, upon sixty (60) days notice, withdraw herefrom.

"The representatives of the signatory States have signed this agreement in a single original which shall be deposited in the archives of the Department of State of the United States, and a duly certified copy shall be forwarded to the Governor of each of the signatory states.

"This compact shall become effective when ratified and approved as provided in Article I. Any oil-producing State may become a party hereto by affixing its signature to a counterpart to be similarly deposited, certified, and ratified."

"Whereas, the said Interstate Compact to Conserve Oil and Gas has heretofore been duly renewed and extended with the consent of the Congress to September 1, 1967; and

"Whereas, it is desired to renew and extend the said Interstate Compact to Conserve Oil and Gas for a period of four (4) years from September 1, 1967, to September 1, 1971:

"Now, therefore, this writing witnesseth:

"It is hereby agreed that the Compact entitled 'An Interstate Compact To Conserve Oil and Gas' executed in the City of Dallas, Texas, on the 16th day of February, 1935, and now on deposit with the Department of State of the United States, a correct copy of which appears above, be, and the same hereby is, extended for a period of four (4) years from September 1, 1967, its present date of expiration, to September 1, 1971. This agreement shall become effective when executed, ratified, and approved as provided in Article I of the original Compact.

"The signatory States have executed this agreement in a single original which shall be deposited in the archives of the Department of State of the United States and a duly certified copy thereof shall be forwarded to the Governor of each of the signatory States. Whereas the *Kaiulani*, the last surviving American-built square-rigged merchant ship, was a gift of the people of the Philippines to the people of the United States; and

Whereas the President of the Philippines formally presented the gift to President Lyndon B. Johnson in a ceremony at the White House on October 5, 1964; and

Whereas, upon completion of restoration, the *Kaiulani* will be sailed to the United States and permanently berthed on the Washington Channel waterfront in the Nation's Capital as a nonprofit museum devoted to the maritime heritage of this great country; and

“(C) if it bears or contains any food additive which is unsafe within the meaning of section 409 of the Federal Food, Drug, and Cosmetic Act,

SEC. 2. Meat and meat food products are an important source of the Nation's total supply of food. They are consumed throughout the Nation and the major portion thereof moves in interstate or foreign commerce. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat or meat food products impair the effective regulation of meat and meat food products in interstate or foreign commerce, are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged meat and meat food products, and result in sundry losses to livestock producers and processors of meat and meat food products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively

packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that all articles and animals which are regulated under this Act are either in interstate or foreign commerce or substantially affect such commerce, and that regulation by the Secretary and cooperation by the States and other jurisdictions as contemplated by this Act are appropriate to prevent and eliminate burdens upon such commerce, to effectively regulate such commerce, and to protect the health and welfare of consumers.

SEC. 3. Said Act is hereby further amended by—

*Ante*, p. 584.

(a) deleting the phrase "interstate or foreign" wherever it appears in sections 3 through 23 of title I of said Act; and

(b) deleting in section 3 of said Act (21 U.S.C. 71) the phrase "the Secretary of Agriculture, at his discretion, may" and inserting in lieu thereof the words "the Secretary shall" and deleting the words "of Agriculture" wherever they appear after the word "Secretary" thereafter in title I of the Act.

34 Stat. 1260.

SEC. 4. Section 4 of said Act (21 U.S.C. 72) is hereby amended by deleting the phrases "for human consumption" and "for transportation or sale", and by inserting after the word "commerce" the phrase "which are capable of use as human food".

SEC. 5. Section 5 of said Act (21 U.S.C. 73) is hereby amended by adding at the end thereof the following: "The Secretary may limit the entry of carcasses, parts of carcasses, meat and meat food products, and other materials into any establishment at which inspection under this title is maintained, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this Act."

SEC. 6. Section 7 of said Act (21 U.S.C. 75) is hereby amended by—

(a) deleting the provisions thereof reading as follows: ", and no such meat or meat food products shall be sold or offered for sale by any person, firm, or corporation in interstate or foreign commerce under any false or deceptive name; but established trade name or names which are usual to such products and which are not false and deceptive and which shall be approved by the Secretary are permitted";

(b) designating the remaining provisions as paragraph (a); and

(c) adding at the end of said section the following provisions as paragraphs (b) through (e), respectively:

"(b) All carcasses, parts of carcasses, meat and meat food products inspected at any establishment under the authority of this title and found to be not adulterated, shall at the time they leave the establishment bear, in distinctly legible form, directly thereon or on their containers, as the Secretary may require, the information required under paragraph (n) of section 1 of this Act.

*Ante*, p. 586.

"(c) The Secretary, whenever he determines such action is necessary for the protection of the public, may prescribe: (1) the styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling in marketing and labeling any articles or animals subject to this title or title II of this Act; (2) definitions and standards of identity or composition for articles subject to this title and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug, and Cosmetic Act, and there shall be consultation between the Secretary and the Secretary of Health, Education, and Welfare prior to the issuance of such standards under either Act relating to articles subject to this Act to avoid inconsistency in such stand-

ards and possible impairment of the coordinated effective administration of these Acts. There shall also be consultation between the Secretary and an appropriate advisory committee provided for in section 301 of this Act, prior to the issuance of such standards under this Act, to avoid, insofar as feasible, inconsistency between Federal and State standards.

*Post*, p. 595.

"(d) No article subject to this title shall be sold or offered for sale by any person, firm, or corporation, in commerce, under any name or other marking or labeling which is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers which are not false or misleading and which are approved by the Secretary are permitted.

Judicial review.

"(e) If the Secretary has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this title is false or misleading in any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the marking, labeling or container does not accept the determination of the Secretary, such person, firm, or corporation may request a hearing, but the use of the marking, labeling, or container shall, if the Secretary so directs, be withheld pending hearing and final determination by the Secretary. Any such determination by the Secretary shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person, firm, or corporation adversely affected thereby appeals to the United States court of appeals for the circuit in which such person, firm, or corporation has its principal place of business or to the United States Court of Appeals for the District of Columbia Circuit. The provisions of section 204 of the Packers and Stockyards Act, 1921 (42 Stat. 162, as amended; 7 U.S.C. 194), shall be applicable to appeals taken under this section."

72 Stat. 944.

SEC. 7. Section 10 of said Act (21 U.S.C. 78) is hereby amended to read:

"SEC. 10. No person, firm, or corporation shall, with respect to any cattle, sheep, swine, goats, horses, mules, or other equines, or any carcasses, parts of carcasses, meat or meat food products of any such animals—

"(a) slaughter any such animals or prepare any such articles which are capable of use as human food at any establishment preparing any such articles for commerce, except in compliance with the requirements of this Act;

Slaughtering of animals.

"(b) sell, transport, offer for sale or transportation, or receive for transportation, in commerce, (1) any such articles which (A) are capable of use as human food and (B) are adulterated or misbranded at the time of such sale, transportation, offer for sale or transportation, or receipt for transportation; or (2) any articles required to be inspected under this title unless they have been so inspected and passed;

Sale and transportation of meat.

"(c) do, with respect to any such articles which are capable of use as human food, any act while they are being transported in commerce or held for sale after such transportation, which is intended to cause or has the effect of causing such articles to be adulterated or misbranded."

SEC. 8. Section 11 of said Act (21 U.S.C. 79) is hereby amended to read as follows:

Counterfeit or unauthorized use of labels.

"SEC. 11. (a) No brand manufacturer, printer, or other person, firm, or corporation shall cast, print, lithograph, or otherwise make any device containing any official mark or simulation thereof, or any

label bearing any such mark or simulation, or any form of official certificate or simulation thereof, except as authorized by the Secretary.

“(b) No person, firm, or corporation shall—

“(1) forge any official device, mark, or certificate;

“(2) without authorization from the Secretary use any official device, mark, or certificate, or simulation thereof, or alter, detach, deface, or destroy any official device, mark, or certificate;

“(3) contrary to the regulations prescribed by the Secretary, fail to use, or to detach, deface, or destroy any official device, mark, or certificate;

### "TITLE III—FEDERAL AND STATE COOPERATION

"SEC. 301. (a) It is the policy of the Congress to protect the consuming public from meat and meat food products that are adulterated or misbranded and to assist in efforts by State and other Government agencies to accomplish this objective. In furtherance of this policy—

"(1) The Secretary is authorized, whenever he determines that it would effectuate the purposes of this Act, to cooperate with the appropriate State agency in developing and administering a State meat inspection program in any State which has enacted a State meat inspection law that imposes mandatory ante mortem and post mortem inspection, reinspection and sanitation requirements that are at least equal to those under title I of this Act, with respect to all or certain classes of persons engaged in the State in slaughtering cattle, sheep, swine, goats, or equines, or preparing the carcasses, parts thereof, meat or meat food products, of any such animals for use as human food solely for distribution within such State.

*Ante*, p. 584.

"(2) The Secretary is further authorized, whenever he determines that it would effectuate the purposes of this Act, to cooperate with appropriate State agencies in developing and administering State programs under State laws containing authorities at least equal to those provided in title II of this Act; and to cooperate with other agencies of the United States in carrying out any provisions of this Act.

*Ante*, p. 593.

"(3) Cooperation with State agencies under this section may include furnishing to the appropriate State agency (i) advisory assistance in planning and otherwise developing an adequate State program under the State law; and (ii) technical and laboratory assistance and training (including necessary curricular and instructional materials and equipment), and financial and other aid for administration of such a program. The amount to be contributed to any State by the Secretary under this section from Federal funds for any year shall not exceed 50 per centum of the estimated total cost of the cooperative program; and the Federal funds shall be allocated among the States desiring to cooperate on an equitable basis. Such cooperation and payment shall be contingent at all times upon the administration of the State program in a manner which the Secretary, in consultation with the appropriate advisory committee appointed under paragraph (4), deems adequate to effectuate the purposes of this section.

Federal contribution, limitation.

"(4) The Secretary may appoint advisory committees consisting of such representatives of appropriate State agencies as the Secretary and the State agencies may designate to consult with him concerning State and Federal programs with respect to meat inspection and other matters within the scope of this Act, including evaluating State programs for purposes of this Act and obtaining better coordination and more uniformity among the State programs and between the Federal and State programs and adequate protection of consumers.

"(b) The appropriate State agency with which the Secretary may cooperate under this Act shall be a single agency in the State which is primarily responsible for the coordination of the State programs

having objectives similar to those under this Act. When the State program includes performance of certain functions by a municipality or other subordinate governmental unit, such unit shall be deemed to be a part of the State agency for purposes of this section.

“(c) (1) If the Secretary has reason to believe, by thirty days prior to the expiration of two years after enactment of the Wholesome Meat Act, that a State has failed to develop or is not enforcing, with respect to all establishments within its jurisdiction (except those that would be exempted from Federal inspection under subparagraph (2)) at which cattle, sheep, swine, goats, or equines are slaughtered, or their carcasses, or parts or products thereof, are prepared for use as human food, solely for distribution within such State, and the products of such establishments, requirements at least equal to those imposed under title I and IV of this Act, he shall promptly notify the Governor of the State of this fact. If the Secretary determines, after consultation with the Governor of the State, or representative selected by him, that such requirements have not been developed and activated, he shall promptly after the expiration of such two-year period designate such State as one in which the provisions of titles I and IV of this Act shall apply to operations and transactions wholly within such State: *Provided*, That if the Secretary has reason to believe that the State will activate such requirements within one additional year, he may delay such designation for said period, and not designate the State, if he determines at the end of the year that the State then has such requirements in effective operation. The Secretary shall publish any such designation in the Federal Register and, upon the expiration of thirty days after such publication, the provisions of titles I and IV shall apply to operations and transactions and to persons, firms, and corporations engaged therein in the State to the same extent and in the same manner as if such operations and transactions were conducted in or for commerce. Thereafter, upon request of the Governor, the Secretary shall revoke such designation if the Secretary determines that such State has developed and will enforce requirements at least equal to those imposed under title I and title IV of this Act: *And provided further*, That, notwithstanding any other provision of this section, if the Secretary determines that any establishment within a State is producing adulterated meat or meat food products for distribution within such State which would clearly endanger the public health he shall notify the Governor of the State and the appropriate Advisory Committee provided by section 301 of the Act of such fact for effective action under State or local law. If the State does not take action to prevent such endangering of the public health within a reasonable time after such notice, as determined by the Secretary, in light of the risk to public health, the Secretary may forthwith designate any such establishment as subject to the provisions of titles I and IV of the Act, and thereupon the establishment and operator thereof shall be subject to such provisions as though engaged in commerce until such time as the Secretary determines that such State has developed and will enforce requirements at least equal to those imposed under title I and title IV of this Act.

(2) The provisions of this Act requiring inspection of the slaughter of animals and the preparation of carcasses, parts thereof, meat and meat food products shall not apply to operations of types traditionally and usually conducted at retail stores and restaurants, when conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities or service of such articles to consumers at such establishments if such establishments are subject to such inspection provisions only under this paragraph (c).

(3) Whenever the Secretary determines that any State designated under this paragraph (c) has developed and will enforce State meat inspection requirements at least equal to those imposed under titles I and IV, with respect to the operations and transactions within such State which are regulated under subparagraph (1), he shall terminate the designation of such State under this paragraph (c), but this shall not preclude the subsequent redesignation of the State at any time upon thirty days notice to the Governor and publication in the Federal Register in accordance with this paragraph, and any State may be designated upon such notice and publication at any time after the period specified in this paragraph whether or not the State has theretofore been designated upon the Secretary determining that it is not effectively enforcing requirements at least equal to those imposed under titles I and IV.

*Ante*, p. 584.  
*Infra*.

(4) The Secretary shall promptly upon enactment of the Wholesome Meat Act and periodically thereafter, but at least annually, review the requirements, including the enforcement thereof, of the several States not designated under this paragraph (c), with respect to the slaughter, and the preparation, storage, handling and distribution of carcasses, parts thereof, meat and meat food products, of such animals, and inspection of such operations, and annually report thereon to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture and Forestry of the Senate in the report required under section 17 of the Wholesome Meat Act.

[S. 830]

## AN ACT

To prohibit age discrimination in employment.

Age Discrimina-  
tion in Employ-  
ment Act of 1967.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Age Discrimination in Employment Act of 1967".*

## STATEMENT OF FINDINGS AND PURPOSE

SEC. 2. (a) The Congress hereby finds and declares that—

(1) in the face of rising productivity and affluence, older workers find themselves disadvantaged in their efforts to retain employment, and especially to regain employment when displaced from jobs;

(2) the setting of arbitrary age limits regardless of potential for job performance has become a common practice, and certain otherwise desirable practices may work to the disadvantage of older persons;

(3) the incidence of unemployment, especially long-term unemployment with resultant deterioration of skill, morale, and employer acceptability is, relative to the younger ages, high among older workers; their numbers are great and growing; and their employment problems grave;

(4) the existence in industries affecting commerce, of arbitrary discrimination in employment because of age, burdens commerce and the free flow of goods in commerce.

(b) It is therefore the purpose of this Act to promote employment of older persons based on their ability rather than age; to prohibit arbitrary age discrimination in employment; to help employers and workers find ways of meeting problems arising from the impact of age on employment.

## EDUCATION AND RESEARCH PROGRAM

SEC. 3. (a) The Secretary of Labor shall undertake studies and provide information to labor unions, management, and the general public concerning the needs and abilities of older workers, and their potentials for continued employment and contribution to the economy. In order to achieve the purposes of this Act, the Secretary of Labor shall carry on a continuing program of education and information, under which he may, among other measures—

(1) undertake research, and promote research, with a view to reducing barriers to the employment of older persons, and the promotion of measures for utilizing their skills;

(2) publish and otherwise make available to employers, professional societies, the various media of communication, and other interested persons the findings of studies and other materials for the promotion of employment;

(3) foster through the public employment service system and through cooperative effort the development of facilities of public and private agencies for expanding the opportunities and potentials of older persons;

(4) sponsor and assist State and community informational and educational programs.

(b) Not later than six months after the effective date of this Act, the Secretary shall recommend to the Congress any measures he may deem desirable to change the lower or upper age limits set forth in section 12.

Recommendation  
to Congress.

## PROHIBITION OF AGE DISCRIMINATION

## SEC. 4. (a) It shall be unlawful for an employer—

(1) to fail or refuse to hire or to discharge any individual or otherwise discriminate against any individual with respect to his compensation, terms, conditions, or privileges of employment, because of such individual's age;

(2) to limit, segregate, or classify his employees in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's age; or

(3) to reduce the wage rate of any employee in order to comply with this Act.

(b) It shall be unlawful for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, any individual because of such individual's age, or to classify or refer for employment any individual on the basis of such individual's age.

(1) to exclude or to expel from its membership, or otherwise to discriminate against, any individual because of his age;

(3) to cause or attempt to cause an employer to discriminate against an individual in violation of this section.

(d) It shall be unlawful for an employer to discriminate against any of his employees or applicants for employment, for an employment agency to discriminate against any individual, or for a labor organization to discriminate against any member thereof or applicant for membership, because such individual, member or applicant for membership has opposed any practice made unlawful by this section, or because such individual, member or applicant for membership has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or litigation under this Act.

(e) It shall be unlawful for an employer, labor organization, or employment agency to print or publish, or cause to be printed or published, any notice or advertisement relating to employment by such an employer or membership in or any classification or referral for employment by such a labor organization, or relating to any classification or referral for employment by such an employment agency, indicating any preference, limitation, specification, or discrimination, based on age.

(f) It shall not be unlawful for an employer, employment agency, or labor organization—

(1) to take any action otherwise prohibited under subsections (a), (b), (c), or (e) of this section where age is a bona fide occupational qualification reasonably necessary to the normal operation of the particular business, or where the differentiation is based on reasonable factors other than age;

(2) to observe the terms of a bona fide seniority system or any bona fide employee benefit plan such as a retirement, pension, or insurance plan, which is not a subterfuge to evade the purposes of this Act, except that no such employee benefit plan shall excuse the failure to hire any individual; or

"(b) The Secretary of Defense shall determine monthly the percent by which the index has increased over that used as the basis (base index) for the most recent adjustment of retired pay and retainer pay under this subsection. If the Secretary determines that, for three consecutive months, the amount of the increase is at least 3 percent over the base index, the retired pay and retainer pay of members and former members of the armed forces who became entitled to that pay before the first day of the third calendar month beginning after the end of those three months shall, except as provided in subsection (c), be increased, effective on that day, by the highest percent of increase in the index during those months, adjusted to the nearest one-tenth of 1 percent.

"(c) Notwithstanding subsection (b), if a member or former member of an armed force becomes entitled to retired pay or retainer pay based on rates of monthly basic pay prescribed by section 203 of title 37 that became effective after the last day of the month of the base index, his retired pay or retainer pay shall be increased on the effective date of the next adjustment of retired pay and retainer pay under subsection (b) only by the percent (adjusted to the nearest one-tenth of 1 percent) that the new base index exceeds the index for the calendar month immediately before that in which the rates of monthly basic pay on which his retired pay or retainer pay is based became effective.

"(d) If a member or former member of an armed force becomes entitled to retired pay or retainer pay on or after the effective date of an adjustment of retired pay and retainer pay under subsection (b) but before the effective date of the next increase in the rates of monthly basic pay prescribed by section 203 of title 37, his retired pay or retainer pay shall be increased, effective on the date he becomes entitled to that pay, by the percent (adjusted to the nearest one-tenth of 1 percent) that the base index exceeds the index for the calendar month immediately before that in which the rates of monthly basic pay on which his retired pay or retainer pay is based became effective.

"(e) Notwithstanding subsections (c) and (d), the adjusted retired pay or retainer pay of a member or former member of an armed force retired on or after October 1, 1967, may not be less than it would have been had he become entitled to retired pay or retainer pay based on the same pay grade, years of service for pay, years of service for retired or retainer pay purposes, and percent of disability, if any, on the day before the effective date of the rates of monthly basic pay on which his retired pay or retainer pay is based."

To amend section 358 of the Agricultural Adjustment Act of 1938, as amended, to authorize the transfer of peanut acreage allotments.

Agricultural  
Adjustment Act  
of 1938, amend-  
ment.

55 Stat. 88,  
7 USC 1358.

Peanut acreage  
allotments,  
transfer author-  
ization.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Agricultural Adjustment Act of 1938, as amended, is amended by adding after section 358 the following new section:

"Sec. 358a. (a) Notwithstanding any other provision of law for the 1968 and 1969 crop years, the Secretary, if he determines that it will not impair the effective operation of the peanut marketing quota or price-support program, (1) may permit the owner and operator of any farm for which a peanut acreage allotment is established under this Act to sell or lease all or any part or the right to all or any part of such allotment to any other owner or operator of a farm in the same county for transfer to such farm; and (2) may permit the owner of a farm to transfer all or any part of such allotment to any other farm owned or controlled by him.

"(b) Transfers under this section shall be subject to the following conditions: (1) no allotment shall be transferred to a farm in another county; (2) no transfer of an allotment from a farm subject to a mortgage or other lien shall be permitted unless the transfer is agreed to by the lienholders; (3) no sale of a farm allotment from a farm shall be permitted if any sale of allotment to the same farm has been made within the three immediately preceding crop years; (4) no transfer of allotment shall be effective until a record thereof is filed with the county committee of the county in which such transfer is made and such committee determines that the transfer complies with the provisions of this section; and (5) if the normal yield established by the county committee for the farm to which the allotment is transferred does not exceed the normal yield established by the county committee for the farm from which the allotment is transferred by more than 10 per centum, the lease or sale and transfer shall be approved acre for acre, but if the normal yield for the farm to which the allotment is transferred exceeds the normal yield for the farm from which the allotment is transferred by more than 10 per centum, the county committee shall make a downward adjustment in the amount of the acreage allotment transferred by multiplying the normal yield established for the farm from which the allotment is transferred by the acreage being transferred and dividing the result by the normal yield established for the farm to which the allotment is transferred: *Provided*, That in the event an allotment is transferred to a farm which at the time of such transfer is not irrigated, but within five years subsequent to such transfer is placed under irrigation, the Secretary shall also make an annual downward adjustment in the allotment so transferred by multiplying the normal yield established for the farm from which the allotment is transferred by the acreage being transferred and dividing the result by the actual yield for the previous year, adjusted for abnormal weather conditions, on the farm to which the allotment is transferred: *Provided further*, That, notwithstanding any other provision of this Act, the adjustment made in any peanut allotment because of the transfer to a higher producing farm shall not reduce or increase the size of any future National or State allotment and an acreage equal to the total of all such adjustments shall not be allotted to any other farms.

"(c) The transfer of an allotment shall have the effect of transferring also the acreage history and marketing quota attributable to such allotment and if the transfer is made prior to the determination of the allotment for any year the transfer shall include the right

of the owner or operator to have an allotment determined for the farm for such year: *Provided*, That in the case of a transfer by lease the amount of the allotment shall be considered, for the purpose of determining allotments after the expiration of the lease, to have been planted on the farm from which such allotment is transferred.

“(d) The land in the farm from which the entire peanut allotment has been transferred shall not be eligible for a new farm peanut allotment during the five years following the year in which such transfer is made.

“(e) Any lease may be made for such term of years not to exceed five as the parties thereto agree, and on such other terms and conditions except as otherwise provided in this section as the parties thereto agree.

“(f) The lease of any part of a peanut acreage allotment determined for a farm shall not affect the allotment for the farm from which such allotment is transferred or the farm to which it is transferred, except with respect to the crop year or years specified in the lease. The amount of the acreage allotment which is leased from a farm shall be considered for purposes of determining future allotments to have been planted to peanuts on the farm from which such allotment is leased and the production pursuant to the lease shall not be taken into account in establishing allotments for subsequent years for the farm to which such allotment is leased. The lessor shall be considered to have been engaged in the production of peanuts for purposes of eligibility to vote in the referendum.

“(g) The Secretary shall prescribe regulations for the administration of this section which may include reasonable limitation on the size of the resulting allotments on farms to which transfers are made and such other terms and conditions as he deems necessary, but the total peanut allotment transferred to any farm by sale or lease shall not exceed fifty acres.

“(h) If the sale or transfer occurs during a period in which the farm is covered by a conservation reserve contract, cropland conversion agreement, or other similar land utilization agreement the rates of payment provided for in the contract or agreement of the farm from which the transfer is made shall be subject to an appropriate adjustment, but no adjustment shall be made in the contract or agreement of the farm to which the transfer is made.”

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That the joint resolution of October 5, 1967 (Public Law 90-102) is hereby amended by striking out "October 23, 1967" and inserting in lieu thereof "December 20, 1967".

## TITLE II—REDUCTIONS IN OBLIGATIONS AND EXPENDITURES

SEC. 201. In view of developments which constitute a threat to the economy with resulting inflation, the Congress hereby finds and determines that, taking into account action on appropriation bills to date, Federal obligations and expenditures in controllable programs for the fiscal year 1968 should be reduced by no less than \$9 billion and \$4 billion, respectively, below the President's budget requests. The limitations hereafter required are necessary for that purpose.

SEC. 202. (a) During the fiscal year 1968, no department or agency of the Executive Branch of the Government shall incur obligations in excess of the lesser of—

(1) the aggregate amount available to each such department or agency as obligational authority in the fiscal year 1968 through appropriation acts or other laws, or

(2) an amount determined by reducing the aggregate budget estimate of obligations for such department or agency in the fiscal year 1968 by—

(i) 2 percent of the amount included in such estimate for personnel compensation and benefits, plus

(ii) 10 percent of the amount included in such estimate for objects other than personnel compensation and benefits.

(b) As used in this section, the terms "obligational authority" and "budget estimate of obligations" include authority derived from, and estimates of reservations to be made and obligations to be incurred pursuant to, appropriations and authority to enter into contracts in advance of appropriations.

Definitions.

(c) The references in this section to budget estimates of obligations are to such estimates as contained in the Budget Appendix for the fiscal year 1968 (House Document No. 16, 90th Congress, 1st Session), as amended during the first session of the 90th Congress.

SEC. 203. (a) This title shall not apply to obligations for (1) permanent appropriations, (2) trust funds, (3) items included under the heading "relatively uncontrollable" in the table appearing on page 14 of the Budget for the fiscal year 1968 (House Document No. 15, Part 1, 90th Congress, 1st Session), and other items required by law in the fiscal year 1968, or (4) programs, projects, or purposes, not exceeding \$300,000,000 in the aggregate, determined by the President to be vital to the national interest or security, except that no program, project, or purpose shall be funded in excess of amounts approved therefor by Congress.

Nonapplicability.

(b) This title shall not be so applied as to require a reduction in obligations for national defense exceeding 10 percent of the new obligational authority (excluding special Vietnam costs) requested in the Budget for the fiscal year 1968 (House Documents Nos. 15, Part 1, and 16), as amended during the first session of the 90th Congress: *Provided*, That the President may exempt from the operation of this title any obligations for national defense which he deems to be essential for the purposes of national defense.

National defense, obligations.

SEC. 204. In the administration of any program as to which (1) the amount of obligations is limited by section 202(a) (2) of this title, and (2) the allocation, grant, apportionment, or other distribution of funds among recipients is required to be determined by application of a formula involving the amount appropriated or otherwise made available for distribution, the amount available for obligation as limited by that section or as determined by the head of the agency concerned pursuant to that section shall be substituted for the amount appropriated or otherwise made available in the application of the formula.

SEC. 205. To the maximum extent practical, reductions in obligations for personnel compensation and benefits under this title shall be accomplished by not filling vacancies. Insofar as practical, reductions in obligations for construction under this title may be made by stretching out the time schedule of starting new projects and performing on contracts so as not to require the elimination of new construction starts.

Personnel and construction, reductions.

SEC. 206. The amount of any appropriation or authorization which (1) is unused because of the limitation on obligations imposed by section 202(a) (2) of this title and (2) would not be available for use after June 30, 1968, shall be used only for such purposes and in such manner and amount as may be prescribed by law in the second session of the 90th Congress.

Approved December 18, 1967.

## TITLE I—AMENDMENTS TO THE ECONOMIC OPPORTUNITY ACT

## JOB CORPS AMENDMENTS

78 Stat. 508.  
42 USC 2711-  
2722.

SEC. 101. Part A of title I of the Economic Opportunity Act of 1964 is amended to read as follows:

## "PART A—JOB CORPS

## "STATEMENT OF PURPOSE

"SEC. 101. This part establishes a Job Corps for low-income, disadvantaged young men and women, sets forth standards and procedures for selecting individuals as enrollees in the Job Corps, authorizes the establishment of residential and/or nonresidential centers in which enrollees will participate in intensive programs of education, vocational training, work experience, counseling, and other activities, and prescribes various other powers, duties, and responsibilities incident to the operation and continuing development of the Job Corps. Its purpose is to assist young persons who need and can benefit from an unusually intensive program, operated in a group setting, to become more responsible, employable, and productive citizens; and to do so in a way that contributes, where feasible, to the development of National, State, and community resources, and to the development and dissemination of techniques for working with the disadvantaged that can be widely utilized by public and private institutions and agencies.

## "ESTABLISHMENT OF THE JOB CORPS

"SEC. 102. There is hereby established within the Office of Economic Opportunity a 'Job Corps'.

## "INDIVIDUALS ELIGIBLE FOR THE JOB CORPS

"SEC. 103. To become an enrollee in the Job Corps, a young man or woman must be a person who—

"(1) is a permanent resident of the United States who has attained age fourteen but not attained age twenty-two at the time of enrollment;

"(2) is a low-income individual or member of a low-income family who requires additional education, training, or intensive counseling and related assistance in order to secure and hold meaningful employment, participate successfully in regular school-work, qualify for other training programs suitable to his needs, or satisfy Armed Forces requirements;

"(3) is currently living in an environment so characterized by cultural deprivation, a disruptive homelife, or other disorienting conditions as to substantially impair his prospects for successful participation in any other program providing needed training, education, or assistance;

"(4) is determined, after careful screening as provided for in sections 104 and 105, to have the present capabilities and aspirations needed to complete and secure the full benefit of the program authorized in this part, and to be free of medical and behavioral problems so serious that he could not or would not be able to adjust to the standards of conduct and discipline or pattern of work and training which that program involves; and

"(5) meets such other standards for enrollment as the Director may prescribe (including special standards for the enrollment on a residential basis of 14 and 15 year olds) and agrees to comply with all applicable Job Corps rules and regulations.

## "SCREENING AND SELECTION OF APPLICANTS—GENERAL PROVISIONS

"SEC. 104. (a) The Director shall prescribe necessary rules for the screening and selection of applicants for enrollment in the Job Corps. To the extent practicable, these rules shall be implemented through arrangements which make use of agencies and organizations such as community action agencies, public employment offices, professional groups, and labor organizations. The rules shall establish specific standards and procedures for conducting screening and selection activities; shall encourage recruitment through agencies and individuals having contact with youths over substantial periods of time and able, accordingly, to offer reliable information as to their needs and problems; and shall provide for necessary consultation with other individuals and organizations, including court, probation, parole, law enforcement, education, welfare, and medical authorities and advisers. They shall also provide for—

"(1) the interviewing of each applicant for the purpose of—

"(A) determining whether his educational and vocational needs can best be met through the Job Corps or any alternative program in his home community;

"(B) obtaining from the applicant pertinent data relating to his background, needs, and interests for evaluation in determining his eligibility and potential assignment; and

“(C) giving the applicant a full understanding of the Job Corps program and making clear what will be expected of him as an enrollee in the event of his acceptance.

“(2) the conduct of a careful and systematic inquiry concerning the applicant’s background for the effective development and, as appropriate, clarification of information concerning his age, citizenship, school and draft status, health, employability, past behavior, family income, environment, and other matters related to a determination of his eligibility.

“(b) The Director shall make no payments to any individual or organization solely as compensation for the service of referring the names of candidates for enrollment in the Job Corps.

“(c) The Director shall take all necessary steps to assure that the enrollment of the Job Corps includes an appropriate number of candidates selected from rural areas, taking into account the proportion of eligible youth who reside in rural areas and the need to provide residential facilities for such youth in order to meet problems of wide geographic dispersion.

#### “SCREENING AND SELECTION—SPECIAL LIMITATIONS

“SEC. 105. (a) No individual shall be selected as an enrollee unless it is determined that there is reasonable expectation that he can participate successfully in group situations and activities with other enrollees, that he is not likely to engage in actions or behavior that would prevent other enrollees from receiving the benefit of the program or be incompatible with the maintenance of sound discipline and satisfactory relationships between any center to which he might be assigned and surrounding communities, and that he manifests a basic understanding of both the rules to which he will be subject and of the consequences of failure to observe those rules. Before selecting an individual who has a history of serious and violent behavior against persons or property, repetitive delinquent acts, narcotics addiction, or other major behavioral aberrations, the Director shall obtain a finding from a professionally qualified person who knows such potential enrollee’s individual situation that there is reasonable expectation that his conduct will not be inimical to the goals and success of the Job Corps and that the opportunity provided by the Job Corps will help him to overcome his problem.

“(b) An individual who otherwise qualifies for enrollment may be selected even though he is on probation or parole, but only if his release from the immediate supervision of the cognizant probation or parole officials is mutually satisfactory to those officials and the Director and does not violate applicable laws or regulations, and if the Director has arranged to provide all supervision of the individual and all reports to State or other authorities that may be necessary to comply with applicable probation or parole requirements.

#### “ENROLLMENT AND ASSIGNMENT

“SEC. 106. (a) No individual may be enrolled in the Job Corps for more than two years, except as the Director may authorize in special cases.

“(b) Enrollment in the Job Corps shall not relieve any individual of obligations under the Universal Military Training and Service Act (50 U.S.C. App. 451 et seq.).

"(c) Each enrollee (other than a native and citizen of Cuba described in section 609(3) of this Act or a permanent resident of the Trust Territory of the Pacific Islands) must take and subscribe to an oath or affirmation in the following form: 'I do solemnly swear (or affirm) that I bear true faith and allegiance to the United States of America and will support and defend the Constitution and laws of the United States against all its enemies foreign and domestic.' The provisions of section 1001 of title 18, United States Code, shall be applicable to this oath or affirmation.

Loyalty oath.  
*Post*, p. 716.

"(d) After the Director has determined whether an enrollee is to be assigned to a men's training center, a conservation center, or a women's training center, the center to which he shall be assigned shall be that center of the appropriate type in which a vacancy exists which is closest to the enrollee's home, except that the Director, on an individual basis, may waive this requirement when overriding considerations justify such action. Assignments to centers in areas more remote from the enrollee's home shall be carefully limited to situations in which such action is necessary in order to insure an equitable opportunity for disadvantaged youth from various sections of the country to participate in the program, to prevent undue delays in the assignment of individual enrollees, to provide an assignment which adequately meets the educational or other needs of the enrollee or is necessary for efficiency and economy in the operation of the program.

"(e) Assignments of male enrollees shall be made so that, at any one time, at least 40 per centum of those enrollees are assigned to conservation centers, as described in section 107, or to other centers or projects where their work activity is primarily directed to the conservation, development, or management of public natural resources or recreational areas and is performed under the direction of personnel of agencies regularly responsible for those functions.

62 Stat. 749.

#### "JOB CORPS CENTERS

"SEC. 107. (a) The Director may make agreements with Federal, State, or local agencies, or private organizations for the establishment and operation of Job Corps centers. These centers may be residential and/or nonresidential in character and shall be designed and operated so as to provide enrollees, in a well-supervised setting, with education, vocational training, work experience (either in direct program activities or through arrangements with employers), counseling, and other services appropriate to their needs. The centers shall include conservation centers, to be known as Civilian Conservation Centers, to be located primarily in rural areas and to provide, in addition to other training and assistance, programs of work experience focused upon activities to conserve, develop, or manage public natural resources or public recreational areas or to assist in developing community projects in the public interest. They shall also include men's and women's training centers to be located in either urban or rural areas and to provide activities which shall include training and other services appropriate for enrollees who can be expected to participate successfully in training for specific types of skilled or semiskilled employment.

Civilian Conservation Centers.

"(b) To the extent feasible, men's and women's training centers shall offer education and vocational training opportunities, together with supportive services, on a nonresidential basis to participants in programs described in part B of this title. Such opportunities may be offered on a reimbursable basis or through such other arrangements as the Director may specify.

*Post*, p. 683.

## "PROGRAM ACTIVITIES

"SEC. 108. (a) Each Job Corps center shall be operated so as to provide enrollees with an intensive, well-organized and fully supervised program of education, vocational training, work experience, planned avocational and recreational activities, physical rehabilitation and development, and counseling. To the fullest extent feasible, the required program for each enrollee shall include activities designed to assist him in choosing realistic career goals, coping with problems he may encounter in his home community or in adjusting to a new community, and planning and managing his daily affairs in a manner that will best contribute to long-term upward mobility. Center programs shall include required participation in center maintenance support and related work activity as appropriate to assist enrollees in increasing their sense of contribution, responsibility, and discipline.

Enrollee education and vocational training.

"(b) To the extent practicable, the Director may arrange for enrollee education and vocational training through local public or private educational agencies, vocational educational institutions, or technical institutes where these institutions or institutes can provide training comparable in cost and substantially equivalent in quality to that which he could provide through other means.

High school equivalency certificates.

"(c) Arrangements for education shall, to the extent feasible, provide opportunities for qualified enrollees to obtain the equivalent of a certificate of graduation from high school; and the Director, with the concurrence of the Secretary of Health, Education, and Welfare, shall develop certificates to be issued to enrollees who have satisfactorily completed their services in the Job Corps and which will reflect the enrollee's level of educational attainment.

"(d) The Director shall prescribe regulations to assure that Job Corps work-experience programs or activities do not displace presently employed workers or impair existing contracts for service and will be coordinated with other work-experience programs in the community.

## "ALLOWANCE AND SUPPORT

"SEC. 109. (a) The Director may provide enrollees with such personal, travel, and leave allowances, and such quarters, subsistence, transportation, equipment, clothing, recreational services, and other expenses as he may deem necessary or appropriate to their needs. Personal allowances shall be established at a rate not to exceed \$35 per month during the first six months of an enrollee's participation in the program and not to exceed \$50 per month thereafter, except that allowances in excess of \$35 per month, but not exceeding \$50 per month, may be provided from the beginning of an enrollee's participation if it is expected to be of less than six months' duration, and the Director is authorized to pay personal allowances in excess of the rates specified herein in unusual circumstances as determined by him. Such allowances shall be graduated up to the maximum so as to encourage continued participation in the program, achievement and the best use by the enrollee of the funds so provided and shall be subject to reduction in appropriate cases as a disciplinary measure. To the degree reasonable, enrollees shall be required to meet or contribute to costs associated with their individual comfort and enjoyment from their personal allowances.

"(b) The Director shall prescribe specific rules governing the accrual of leave by enrollees. Except in the case of emergency, he shall in no event assume transportation costs connected with leave of any enrollee who has not completed at least six months service in the Job Corps.

“(c) The Director may provide each former enrollee, upon termination, a readjustment allowance at a rate not to exceed \$50 for each month of satisfactory participation in the Job Corps. No enrollee shall be entitled to a readjustment allowance, however, unless he has remained in the program at least ninety days, except in unusual circumstances as determined by the Director. The Director may, from time to time, advance to or on behalf of an enrollee such portions of his readjustment allowance as the Director deems necessary to meet extraordinary financial obligations incurred by that enrollee; and he may also, pursuant to rules or regulations, reduce the amount of an enrollee’s readjustment allowance as a penalty for misconduct during participation in the Job Corps. In the event of an enrollee’s death during his period of service, the amount of any unpaid readjustment allowance shall be paid in accordance with the provisions of section 5582 of title 5, United States Code.

Termination of  
enrollment.  
Readjustment  
allowance.

80 Stat. 495.

“(d) Under such circumstances as the Director may determine, a portion of the readjustment allowance of an enrollee not exceeding \$25 for each month of satisfactory service may be paid during the period of service of the enrollee directly to a spouse or child of an enrollee or to any other relative who draws substantial support from the enrollee, and any sum so paid shall be supplemented by the payment of an equal amount by the Director.

#### “STANDARDS OF CONDUCT

“SEC. 110. (a) Within Job Corps centers, standards of conduct and deportment shall be provided and stringently enforced. In the case of violations committed by enrollees, dismissals from the Corps or transfers to other locations shall be made in every instance where it is determined that retention in the Corps, or in the particular Job Corps center, will jeopardize the enforcement of such standards of conduct and deportment or diminish the opportunity of other enrollees.

“(b) In order to promote the proper moral and disciplinary conditions in the Job Corps, the individual directors of Job Corps centers shall be given full authority to take appropriate disciplinary measures against enrollees including, but not limited to, dismissal from the Job Corps, subject to expeditious appeal procedures to higher authority, as provided under regulations set by the Director.

#### “COMMUNITY PARTICIPATION

“SEC. 111. The Director shall encourage and shall cooperate in activities designed to establish a mutually beneficial relationship between Job Corps centers and surrounding or nearby communities. These activities shall include the establishment of community advisory councils to provide a mechanism for joint discussion of common problems and for planning programs of mutual interest. Whenever possible, such advisory councils shall be formed by and coordinated under the local community action agency. Youth participation in advisory council affairs shall be encouraged and where feasible separate youth councils may be established, to be composed of representative enrollees and representative young people from the communities. The Director shall establish necessary rules and take necessary action to assure that each center is operated in a manner consistent with this section with a view to achieving, so far as possible, objectives which shall include: (1) giving community officials appropriate advance notice of changes in center rules, procedures, or activities that may affect or be of interest to the community; (2) affording the community a meaningful voice in center affairs of direct concern to it,

Community ad-  
visory councils.

including policies governing the issuance and terms of passes to enrollees; (3) providing center officials with full and rapid access to relevant community groups and agencies, including law enforcement agencies and agencies which work with young people in the community; (4) encouraging the fullest practicable participation of enrollees in programs or projects for community improvement or betterment, with adequate advance consultation with business, labor, professional, and other interested community groups and organizations; (5) arranging recreational, athletic, or similar events in which enrollees and local residents may participate together; (6) providing community residents with opportunities to work with enrollees directly, as part-time instructors, tutors, or advisers, either in the center or in the community; (7) developing, where feasible, job or career opportunities for enrollees in the community; and (8) promoting interchanges of information and techniques among, and cooperative projects involving, the center and community schools, educational institutions, and agencies serving young people.

#### "COUNSELING AND JOB PLACEMENT

"SEC. 112. (a) The Director shall provide for the counseling and testing of each enrollee at regular intervals to follow his progress in educational and vocational programs.

"(b) The Director shall counsel and test each enrollee prior to his scheduled termination to determine his capabilities and shall seek to place him in a job in the vocation for which he is trained and in which he is likely to succeed, or shall assist him in attaining further training or education. In placing enrollees in jobs, the Director shall utilize the United States Employment Service to the fullest extent possible.

"(c) The Secretary of Labor shall make arrangements to determine the status and progress of terminees and to assure that their needs for further education, training, and counseling may be met.

Records.

"(d) Upon termination of an enrollee's training, a copy of his pertinent records, including data derived from his counseling and testing, other than confidential information, shall be made available immediately to the Department of Labor and the Office of Economic Opportunity.

Post, p. 720.

"(e) The Director shall, to the extent feasible in accordance with section 637(b) of this Act, arrange for the readjustment allowance provided for in section 109(c) of this Act, less any sums already paid pursuant to subsection (d) of that section, to be paid to former enrollees (who have not already found employment) at the public employment service office nearest the home of any such former enrollee, if he is returning to his home, or at the nearest such office to the community in which the former enrollee has indicated an intent to reside. The Secretary of Labor shall make arrangements by which public employment service officers will maintain records regarding former enrollees who are thus paid at such offices including information as to—

Records.

"(1) the number of former enrollees who have declined the offices' help in finding a job;

"(2) the number who were successfully placed in jobs without further education or training;

"(3) the number who were found to require further training before being placed in jobs and the types of training programs in which they participated; and

"(4) the number who were found to require further remedial or basic education in order to qualify for training programs, together with information as to the types of programs for which such former enrollees were found unqualified for enrollment.

If the Director deems it advisable to utilize the services of any other public or private organization or agency in lieu of the public employment office, he shall arrange for that organization or agency to make the payment of the readjustment allowance and maintain the same types of records regarding former enrollees as are herein specified for maintenance by public employment service offices, and shall furnish copies of such records to the Secretary of Labor. In the case of enrollees who are placed in jobs by the Director prior to the termination of their participation in the Job Corps, the Director shall maintain records providing pertinent placement and follow-up information.

“EVALUATION; EXPERIMENTAL AND DEVELOPMENTAL PROJECTS

“SEC. 113. (a) The Director shall provide for the careful and systematic evaluation of the Job Corps program, directly or by contracting for independent evaluations, with a view to measuring specific benefits, so far as practicable, and providing information needed to assess the effectiveness of program procedures, policies, and methods of operation. In particular, this evaluation shall seek to determine the costs and benefits resulting from the use of residential as opposed to nonresidential facilities, from the use of facilities combining residential and nonresidential components, from the use of centers with large as opposed to small enrollments, and from the use of different types of program sponsors, including public agencies, institutions of higher education, boards of education, and private corporations. The evaluation shall also include comparisons with proper control groups composed of persons who have not participated in the program. In carrying out such evaluations, the Director shall arrange for obtaining the opinions of participants about the strengths and weaknesses of the program and shall consult with other agencies and officials in order to compare the relative effectiveness of Job Corps techniques with those used in other programs, and shall endeavor to secure, through employers, schools, or other Government and private agencies specific information concerning the residence of former enrollees, their employment status, compensation, and success in adjusting to community life. He shall also secure, to the extent feasible, similar information directly from enrollees at appropriate intervals following their completion of the Job Corps program. The results of such evaluation shall be published and shall be summarized in the report required by section 608.

“(b) The Director may undertake or make grants or contracts for experimental, research, or demonstration projects directed to developing or testing ways of securing the better use of facilities, of encouraging a more rapid adjustment of enrollees to community life that will permit a reduction in the period of their enrollment, of reducing transportation and support costs, or of otherwise promoting greater efficiency and effectiveness in the program authorized under this part. These projects shall include one or more projects providing youths with education, training, and other supportive services on a combined residential and nonresidential basis. The Director may, if he deems it advisable, undertake one or more pilot projects designed to involve youth who have a history of serious and violent behavior against persons or property, repetitive delinquent acts, narcotics addiction, or other behavioral aberrations. Projects under this subsection shall be developed after appropriate consultation with other Federal or State agencies conducting similar or related programs or projects and with the prime sponsors, as described in part B of this title, in the communities where the projects will be carried out. They may be undertaken jointly with other Federal or federally assisted programs, in-

cluding programs under part B of this title, and funds otherwise available for activities under those programs shall, with the consent of the head of any agency concerned, be available to projects under this section to the extent they include the same or substantially similar activities. The Director may waive any provision of this title which he finds would prevent the carrying out of elements of projects under this subsection essential to a determination of their feasibility and usefulness. He shall, either in the report required by section 608 or a separate annual document, report to the Congress concerning the actions taken under this section, including a full description of progress made in connection with combined residential and nonresidential projects.

"(c) In order to determine whether upgraded vocational education schools could eliminate or substantially reduce the school dropout problem, and to demonstrate how communities could make maximum utilization of existing educational and training facilities, the Director, in cooperation with the Commissioner of Education, shall enter into one or more agreements with State educational agencies to pay the cost of establishing and operating model community vocational education schools and skill centers. Such facilities shall be centrally located in an urban area having a high dropout rate, a large number of unemployed youths, and a need in the area for a combination vocational school and skill center. No such agreement shall be entered into unless it contains provisions designed to assure that—

"(1) a job survey be made of the area;

"(2) the training program of the school and skill center reflect the job market needs as projected by the survey;

"(3) an advisory committee composed of representatives of business, labor, education, and community leaders be formed to follow the center's activities and to make periodic recommendations regarding its operation;

"(4) arrangements have been worked out with schools in the area and the administrator of the skill center for maximum utilization of the center both during and after school hours; and

"(5) such accounting and evaluation procedures as the Director and the Commissioner of Education deem necessary to carry out the purpose of this project will be provided.

#### "ADVISORY BOARDS AND COMMITTEES

"SEC. 114. The Director shall make use of advisory committees or boards in connection with the operation of the Job Corps, and the operation of Job Corps centers, whenever he determines that the availability of outside advice and counsel on a regular basis would be of substantial benefit in identifying and overcoming problems, in planning program or center development, or in strengthening relationships between the Job Corps and agencies, institutions, or groups engaged in related activities. Nothing in this section shall be considered as limiting the functions of the National Advisory Council, established pursuant to section 605 of this Act, with respect to any matter or question involving the Job Corps; but this shall not prevent the establishment through or in cooperation with the National Advisory Council of one or more boards or committees under this section.

80 Stat. 1469.  
42 USC 2945.

#### "PARTICIPATION OF THE STATES

"SEC. 115. (a) The Director shall take necessary action to facilitate the effective participation of States in the Job Corps program, including, but not limited to, consultation with appropriate State agencies on matters pertaining to the enforcement of applicable State laws, standards of enrollee conduct and discipline, the development of mean-

ingful work experience and other activities for enrollees, and coordination with State-operated programs.

“(b) The Director may enter into agreements with States to assist in the operation or administration of State-operated programs which carry out the purpose of this part. The Director may, pursuant to regulations, pay part or all of the operative or administrative costs of such programs.

“(c) No Job Corps center or other similar facility designed to carry out the purpose of this Act shall be established within a State unless a plan setting forth such proposed establishment has been submitted to the Governor, and such plan has not been disapproved by him within 30 days of such submission.

Veto power of Governor.

#### “APPLICATION OF PROVISIONS OF FEDERAL LAW

“SEC. 116. (a) Except as otherwise specifically provided in the following paragraphs of this subsection, enrollees in the Job Corps shall not be considered Federal employees and shall not be subject to the provisions of law relating to Federal employment, including those regarding hours of work, rates of compensation, leave, unemployment compensation, and Federal employee benefits:

## "SPECIAL LIMITATIONS

"SEC. 117. (a) The Director shall not use any funds made available to carry out this part for the fiscal year ending June 30, 1968, in a manner that will increase the residential capacity of Job Corps centers above forty-five thousand enrollees.

"(b) The Director shall take necessary action to assure that on or before June 30, 1968, of the total number of Job Corps enrollees receiving training, at least 25 per centum shall be women. The Director shall immediately take steps to achieve an enrollment ratio of 50 per centum women enrollees in training in the Job Corps consistent with (1) efficiency and economy in the operation of the program, (2) sound administrative practice, and (3) the socioeconomic, educational, and training needs of the population to be served.

All disclosures concerning such matters shall be ignored, except as to such membership in political parties or organizations as constitutes by law a disqualification for Government employment. No discrimination shall be exercised, threatened, or promised by any person in the executive branch of the Federal Government against or in favor of any enrollee in the Corps, or any applicant for enrollment in the Corps because of his political affiliation or beliefs, except as may be specifically authorized or required by law.

“(c) The Director may provide financial assistance to a public agency or private organization other than a prime sponsor to carry out one or more component programs described in subsection (a) when he determines, after soliciting and considering comments of the prime sponsor, if any, that such assistance would enhance program effectiveness or acceptance on the part of persons served and would serve the purposes of this part. 42 USC 2781 et

SEC. 104. Title II of the Economic Opportunity Act of 1964 is amended to read as follows:

#### “TITLE II—URBAN AND RURAL COMMUNITY ACTION PROGRAMS

##### “STATEMENT OF PURPOSE

“SEC. 201. (a) This title provides for community action agencies and programs, prescribes the structure and describes the functions of community action agencies and authorizes financial assistance to community action programs and related projects and activities. Its basic purpose is to stimulate a better focusing of all available local, State, private, and Federal resources upon the goal of enabling low-income families, and low-income individuals of all ages, in rural and urban areas, to attain the skills, knowledge, and motivations and secure the opportunities needed for them to become fully self-sufficient. Its specific purposes are to promote, as methods of achieving a better focusing of resources on the goal of individual and family self-sufficiency—

“(1) the strengthening of community capabilities for planning and coordinating Federal, State, and other assistance related to the elimination of poverty, so that this assistance, through the efforts of local officials, organizations, and interested and affected citizens, can be made more responsive to local needs and conditions;

“(2) the better organization of a range of services related to the needs of the poor, so that these services may be made more effective and efficient in helping families and individuals to overcome particular problems in a way that takes account of, and supports their progress in overcoming, related problems;

“(3) the greater use, subject to adequate evaluation, of new types of services and innovative approaches in attacking causes of poverty, so as to develop increasingly effective methods of employing available resources;

“(4) the development and implementation of all programs and projects designed to serve the poor or low-income areas with the maximum feasible participation of residents of the areas and members of the groups served, so as to best stimulate and take full advantage of capabilities for self-advancement and assure that those programs and projects are otherwise meaningful to and widely utilized by their intended beneficiaries; and

“(5) the broadening of the resource base of programs directed to the elimination of poverty, so as to secure, in addition to the services and assistance of public officials, private religious, charitable, and neighborhood organizations, and individual citizens, a more active role for business, labor, and professional groups able to provide employment opportunities or otherwise influence the quantity and quality of services of concern to the poor.

“(b) It is further declared to be the purpose of this title and the policy of the Office of Economic Opportunity to provide for basic education, health care, vocational training, and employment opportunities in rural America to enable the poor living in rural areas to remain in such areas and become self-sufficient therein. It shall not be the purpose of this title or the policy of the Office of Economic Opportunity to encourage the rural poor to migrate to urban areas, inasmuch as it is the finding of Congress that continuation of such migration is frequently not in the best interests of the poor and tends to further congest the already overcrowded slums and ghettos of our Nation's cities.

Office of Economic Opportunity, statement of policy.

#### “PART A—COMMUNITY ACTION AGENCIES AND PROGRAMS

##### “DESIGNATION OF COMMUNITY ACTION AGENCIES; COMMUNITY ACTION PROGRAMS

“SEC. 210. (a) A community action agency shall be a State or political subdivision of a State (having elected or duly appointed governing officials), or a combination of such political subdivisions, or a public or private nonprofit agency or organization which has been designated by a State or such a political subdivision or combination of such subdivisions, which—

“(1) has the power and authority and will perform the functions set forth in section 212, including the power to enter into contracts with public and private nonprofit agencies and organizations to assist in fulfilling the purposes of this title, and

“(2) is determined to be capable of planning, conducting, administering and evaluating a community action program and is currently designated as a community action agency by the Director.

Community action program.

A community action program is a community based and operated program—

“(1) which includes or is designed to include a sufficient number of projects or components to provide, in sum, a range of services and activities having a measurable and potentially major impact on causes of poverty in the community or those areas of the community where poverty is a particularly acute problem;

“(2) which has been developed, and which organizes and combines its component projects and activities, in a manner appropriate to carry out all the purposes of this title; and

“(3) which conforms to such other supplementary criteria as the Director may prescribe consistent with the purposes and provisions of this title.

“(b) Components of a community action program may be administered by the community action agency, where consistent with sound and efficient management and applicable law, or by other agencies. They may be projects eligible for assistance under this title, or projects assisted from other public or private sources; and they may be either specially designed to meet local needs, or designed pursuant to the eligibility standards of a State or Federal program providing assistance to a particular kind of activity which will help in meeting those needs.

“(c) For the purpose of this title, a community may be a city, county, multicity, or multicounty unit, an Indian reservation, or a neighborhood or other area (irrespective of boundaries or political subdivisions) which provides a suitable organizational base and possesses the commonality of interest needed for a community action program. The Director shall consult with the heads of other Federal agencies responsible for programs relating to work and training programs, physical and economic development, housing, education, health, and other community services to encourage the establishment of coterminous or complementary boundaries for planning purposes among those programs and community action programs assisted under this title.

Financial assistance.

“(d) The Director may designate and provide financial assistance to a public or private nonprofit agency as a community action agency in lieu of a community action agency designated under subsection (a) for activities of the kind described in this title where he determines (1) that the community action agency serving the community has failed, after having a reasonable opportunity to do so, to submit a satisfactory plan for a community action program which meets the criteria for approval set forth in this title, or to carry out such plan in a satisfactory manner, or (2) that neither the State nor any qualified political subdivision or combination of such subdivisions is willing to be designated as the community action agency for such community or to designate a public or private nonprofit agency or organization to be so designated by the Director.

“(e) No political subdivision of a State shall be included in the community action program of a community action agency designated under section 210(a) if the elected or duly appointed governing officials of such political subdivision do not wish to be so included. Such political subdivision, and any public or private nonprofit organization or agency designated by it, shall be eligible for designation as a community action agency on the same basis as other political subdivisions and their designees.

“(f) For the purposes of this title, a tribal government of an Indian reservation shall be deemed to be a political subdivision of a State.

## "COMMUNITY ACTION AGENCIES AND BOARDS

"SEC. 211. (a) Each community action agency which is a State or a political subdivision of a State, or a combination of political subdivisions, shall administer its program through a community action board which shall meet the requirements of subsection (b). Each community action agency which is a public or private nonprofit agency or organization designated by a State or political subdivision of a State, or combination of political subdivisions, or is an agency designated by the Director under section 210(d), shall have a governing board which shall meet the requirements of subsection (b).

"(b) Each board to which this subsection applies shall consist of not more than fifty-one members and shall be so constituted that (1) one-third of the members of the board are public officials, including the chief elected official or officials, or their representatives, unless the number of such officials reasonably available or willing to serve is less than one-third of the membership of the board, (2) at least one-third of the members are persons chosen in accordance with democratic selection procedures adequate to assure that they are representative of the poor in the area served, and (3) the remainder of the members are officials or members of business, industry, labor, religious, welfare, education, or other major groups and interests in the community. Each member of the board selected to represent a specific geographic area within a community must reside in the area he represents. No person selected under clause (2) or (3) of this subsection as a member of a board shall serve on such board for more than three consecutive years, or more than a total of six years.

Board membership.

"(c) Where a community action agency places responsibility for major policy determinations with respect to the character, funding, extent, and administration of and budgeting for programs to be carried on in a particular geographic area within the community in a subsidiary board, council, or similar agency, such board, council, or agency shall be broadly representative of such area, subject to regulations of the director which assure adequate opportunity for membership of elected public officials on such board, council, or agency. Each community action agency shall be encouraged to make use of neighborhood-based organizations composed of residents of the area or members of the groups served to assist such agency in the planning, conduct, and evaluation of components of the community action program.

"(d) (1) The Director shall promulgate such standards or rules relating to the scheduling and notice of meetings, quorums (which shall be not less than 50 per centum of the total membership), procedures, establishment of committees, and similar matters as he may deem necessary to assure that boards which are subject to subsection (b) provide a continuing and effective mechanism for securing broad, community involvement in programs assisted under this title and that all groups or elements represented on those boards have a full and fair opportunity to participate in decisions affecting those programs. Such standards or rules shall not preclude any such board from appointing an executive committee or similar group, which fairly reflects the composition of the board, to transact the board's business between its meetings. The quorum requirements for any such committee or group, which shall not be less than 50 percent of the membership, shall be established by the board.

Board standards.

"(2) The Director shall require community action agencies to establish procedures under which community agencies and representative groups of the poor which feel themselves inadequately represented on the community action board or governing board may petition for adequate representation.

Board powers.

"(e) The powers of every community action agency governing board shall include the power to appoint persons to senior staff positions, to determine major personnel, fiscal, and program policies, to approve overall program plans and priorities, and to assure compliance with conditions of and approve proposals for financial assistance under this title.

"(f) Each community action board referred to in the first sentence of subsection (a) shall—

"(1) have a full opportunity to participate in the development and implementation of all programs and projects designed to serve the poor or low-income areas with maximum feasible participation of residents of the areas and members of the groups served, so as to best stimulate and take full advantage of capabilities for self-advancement and assure that those programs and projects are otherwise meaningful to and widely utilized by their intended beneficiaries;

"(2) have at least one-third of its members chosen in accordance with democratic selection procedures adequate to assure that they are representative of the poor in the area served;

"(3) be so established and organized that the poor and residents of the area concerned will be enabled to influence the character of programs affecting their interests and regularly participate in the planning and implementation of those programs; and

"(4) be a continuing and effective mechanism for securing broad community involvement in the programs assisted under this title.

#### "SPECIFIC POWERS AND FUNCTIONS OF COMMUNITY ACTION AGENCIES

Use of funds.

"SEC. 212. (a) In order to carry out its overall responsibility for planning, coordinating, evaluating, and administering a community action program, a community action agency must have authority under its charter or applicable law to receive and administer funds under this title, funds and contributions from private or local public sources which may be used in support of a community action program, and funds under any Federal or State assistance program pursuant to which a public or private nonprofit agency (as the case may be) organized in accordance with this part could act as grantee, contractor, or sponsor of projects appropriate for inclusion in a community action program. A community action agency must also be empowered to transfer funds so received, and to delegate powers to other agencies, subject to the powers of its governing board and its overall program responsibilities. This power to transfer funds and delegate powers must include the power to make transfers and delegations covering component projects in all cases where this will contribute to efficiency and effectiveness or otherwise further program objectives.

Community action agency, functions.

"(b) In exercising its powers and carrying out its overall responsibility for a community action program, a community action agency shall have, subject to the purposes of this title, at least the following functions:

"(1) Planning systematically for and evaluating the program, including actions to develop information as to the problems and causes of poverty in the community, determine how much and how effectively assistance is being provided to deal with those problems

and causes, and establish priorities among projects, activities and areas as needed for the best and most efficient use of resources.

"(2) Encouraging agencies engaged in activities related to the community action program to plan for, secure and administer assistance available under this title or from other sources on a common or cooperative basis; providing planning or technical assistance to those agencies; and generally, in cooperation with community agencies and officials, undertaking actions to improve existing efforts to attack poverty, such as improving day-to-day communication, closing service gaps, focusing resources on the most needy, and providing additional opportunities to low-income individuals for regular employment or participation in the programs or activities for which those community agencies and officials are responsible.

"(3) Initiating and sponsoring projects responsive to needs of the poor which are not otherwise being met, with particular emphasis on providing central or common services that can be drawn upon by a variety of related programs, developing new approaches or new types of services that can be incorporated into other programs, and filling gaps pending the expansion or modification of those programs.

"(4) Establishing effective procedures by which the poor and area residents concerned will be enabled to influence the character of programs affecting their interests, providing for their regular participation in the implementation of those programs, and providing technical and other support needed to enable the poor and neighborhood groups to secure on their own behalf available assistance from public and private sources.

"(5) Joining with and encouraging business, labor, and other private groups and organizations to undertake, together with public officials and agencies, activities in support of the community action program which will result in the additional use of private resources and capabilities, with a view to such things as developing new employment opportunities, stimulating investment that will have a measurable impact in reducing poverty among residents of areas of concentrated poverty, and providing methods by which residents of those areas can work with private groups, firms, and institutions in seeking solutions to problems of common concern.

#### "ADMINISTRATIVE STANDARDS

"SEC. 213. (a) Each community action agency shall observe, and shall (as appropriate) require or encourage other agencies participating in a community action program to observe, standards of organization, management and administration which will assure, so far as reasonably possible, that all program activities are conducted in a manner consistent with the purposes of this title and the objective of providing assistance effectively, efficiently, and free of any taint of partisan political bias or personal or family favoritism. Each community action agency shall establish or adopt rules to carry out this section, which shall include rules to assure full staff accountability in matters governed by law, regulations, or agency policy. Each community action agency shall also provide for reasonable public access to information, including but not limited to public hearings at the request of appropriate community groups and reasonable public access to books and records of the agency or other agencies engaged in program activities or operations involving the use of authority or funds for which it is responsible. And each community action agency

shall adopt for itself and other agencies using funds or exercising authority for which it is responsible, rules designed to establish specific standards governing salaries, salary increases, travel and per diem allowances, and other employee benefits; to assure that only persons capable of discharging their duties with competence and integrity are employed and that employees are promoted or advanced under impartial procedures calculated to improve agency performance and effectiveness; to guard against personal or financial conflicts of interests; and to define employee duties of advocacy on behalf of the poor in an appropriate manner which will in any case preclude employees from participating, in connection with the performance of their duties, in any form of picketing, protest, or other direct action which is in violation of law.

Rules and regulations.

“(b) The Director shall prescribe rules or regulations to supplement subsection (a), which shall be binding on all agencies carrying on community action program activities with financial assistance under this title. He may, where appropriate, establish special or simplified requirements for smaller agencies or agencies operating in rural areas. These special requirements shall not, however, affect the applicability of rules governing conflicts of interest, use of position or authority for partisan or nonpartisan political purposes or participation in direct action, regardless of customary practices or rules among agencies in the community. The Director shall consult with the heads of other Federal agencies responsible for programs providing assistance to activities which may be included in community action programs for the purpose of securing maximum consistency between rules or regulations prescribed or followed by those agencies and those prescribed under this section.

#### “HOUSING DEVELOPMENT AND SERVICES ORGANIZATIONS

“SEC. 214. Each community action agency shall encourage the establishment of housing development and services organizations designed to focus on the housing needs of low-income families and individuals. Such organizations shall provide the technical, administrative, and financial assistance which is required to help low-income families and individuals more effectively to utilize existing programs, and which is required to enable nonprofit, cooperative, and public sponsors more effectively to take advantage of existing Federal, State, and local mortgage insurance and housing assistance programs. Where appropriate, such organizations may be nonprofit housing development corporations. Such corporations may themselves become sponsors of housing under existing programs of specialized housing agencies, but under no circumstances shall such corporations insure mortgages or duplicate the long-term capital financing functions of programs now administered by the specialized housing agencies. Housing development and service organizations shall coordinate their efforts with other community action agency efforts so that any programs undertaken under authority of this section shall be closely related to other community action programs.

#### “PART B—FINANCIAL ASSISTANCE TO COMMUNITY ACTION PROGRAMS AND RELATED ACTIVITIES

##### “GENERAL PROVISIONS FOR FINANCIAL ASSISTANCE

“SEC. 221. (a) The Director may provide financial assistance to community action agencies for the planning, conduct, administration and evaluation of community action programs and components. Those components may involve, without limitation, other activities and sup-

porting facilities designed to assist participants including the elderly poor—

- “(1) to secure and retain meaningful employment;
- “(2) to attain an adequate education;
- “(3) to make better use of available income;
- “(4) to provide and maintain adequate housing and a suitable living environment;
- “(5) to undertake family planning, consistent with personal and family goals, religious and moral convictions;
- “(6) to obtain services for the prevention of narcotics addiction, alcoholism, and the rehabilitation of narcotic addicts and alcoholics;
- “(7) to obtain emergency assistance through loans or grants to meet immediate and urgent individual and family needs, including the need for health services, nutritious food, housing, and employment-related assistance;
- “(8) to remove obstacles and solve personal and family problems which block the achievement of self-sufficiency;
- “(9) to achieve greater participation in the affairs of the community; and
- “(10) to make more frequent and effective use of other programs related to the purposes of this title.

He may also provide financial assistance to other public or private nonprofit agencies to aid them in planning for the establishment of a community action agency.

“(b) If the Director determines that a limited purpose project or program involving activities otherwise eligible under this section is needed to serve needs of low-income families and individuals in a community and no community action agency has been designated for that community pursuant to section 210, or where a community action agency gives its approval for such a program to be funded directly through a public or private nonprofit agency or organization, he may extend financial assistance for that project or program to a public or private nonprofit agency which he finds is capable of carrying out the project in an efficient and effective manner consistent with the purpose of this title.

Ante, p. 691.

“(c) The Director shall prescribe necessary rules or regulations governing applications for assistance under this section to assure that every reasonable effort is made by each applicant to secure the views of local public officials and agencies in the community having a direct or substantial interest in the application and to resolve all issues of cooperation and possible duplication prior to its submission.

“(d) After July 1, 1968, the Director shall require, as a condition of assistance, that each community action agency has adopted a systematic approach to the achievement of the purposes of this title and to the utilization of funds provided under this part. Such systematic approach shall encompass a planning and implementation process which seeks to identify the problems and causes of poverty in the community, seeks to mobilize and coordinate relevant public and private resources, establishes program priorities, links program components with one another and with other relevant programs, and provides for evaluation. The Director may, however, extend the time for such requirement to take into account the length of time a program has been in operation. He shall also take necessary steps to assure the participation of other Federal agencies in support of the development and implementation of plans under this subsection.

Financial assistance condition.

“(e) In order to promote local responsibility and initiative, the Director shall not establish binding national priorities on funds authorized by this section, but he shall review each application for

financial assistance on its merits. Before extending financial assistance to a new community action agency under this section, and in determining the amount of and conditions on which such assistance shall be extended, the Director shall consider the extent and nature of poverty in the community and the probable capacity of the agency to carry out an effective program. In reviewing or supplementing financial assistance to a previously existing community action agency, he shall consider the progress made in carrying on programs by such agency.

#### "SPECIAL PROGRAMS AND ASSISTANCE"

"SEC. 222. (a) In order to stimulate actions to meet or deal with particularly critical needs or problems of the poor which are common to a number of communities, the Director may develop and carry on special programs under this section. This authority shall be used only where the Director determines that the objectives sought could not be effectively achieved through the use of authorities under section 221, including assistance to components or projects based on models developed and promulgated by him. It shall also be used only with respect to programs which (A) involve activities which can be incorporated into or be closely coordinated with community action programs, (B) involve significant new combinations of resources or new and innovative approaches, or (C) are structured in a way that will, within the limits of the type of assistance or activities contemplated, most fully and effectively promote the purposes of this title. Subject to such conditions as may be appropriate to assure effective and efficient administration, the Director may provide financial assistance to public or private non-profit agencies to carry on local projects initiated under such special programs; but he shall do so in a manner that will encourage, wherever feasible, the inclusion of the assisted projects in community action programs, with a view to minimizing possible duplication and promoting efficiencies in the use of common facilities and services, better assisting persons or families having a variety of needs, and otherwise securing from the funds committed the greatest possible impact in promoting family and individual self-sufficiency. Programs under this section shall include those described in the following paragraphs:

"Project Headstart."

"(1) A program to be known as 'Project Headstart' focused upon children who have not reached the age of compulsory school attendance which (A) will provide such comprehensive health, nutritional, education, social, and other services as the Director finds will aid the children to attain their full potential, and (B) will provide for direct participation of the parents of such children in the development, conduct, and overall program direction at the local level.

"Follow Through."

"(2) A program to be known as 'Follow Through' focused primarily upon children in kindergarten or elementary school who were previously enrolled in Headstart or similar programs and designed to provide comprehensive services and parent participation activities as described in paragraph (1), which the Director finds will aid in the continued development of children to their full potential. Funds for such program shall be transferred directly from the Director to the Secretary of Health, Education, and Welfare. Financial assistance for such projects shall be provided by the Secretary on the basis of agreements reached with the Director directly to local educational agencies except as otherwise provided by such agreements.

"Legal Services."

"(3) A 'Legal Services' program to further the cause of justice among persons living in poverty by mobilizing the assistance of lawyers and legal institutions and by providing legal advice, legal representation, counseling, education, and other appropriate serv-

ices. Projects involving legal advice and representation shall be carried on in a way that assures maintenance of a lawyer-client relationship consistent with the best standards of the legal profession. The Director shall make arrangements under which the State bar association and the principal local bar associations in the community to be served by any proposed project authorized by this paragraph shall be consulted and afforded an adequate opportunity to submit, to the Director, comments and recommendations on the proposed project before such project is approved or funded, and to submit, to the Director, comments and recommendations on the operations of such project, if approved and funded. No funds or personnel made available for such program (whether conducted pursuant to this section or any other section in this part) shall be utilized for the defense of any person indicted (or proceeded against by information) for the commission of a crime, except in extraordinary circumstances where, after consultation with the court having jurisdiction, the Director has determined that adequate legal assistance will not be available for an indigent defendant unless such services are made available.

“(4) A ‘Comprehensive Health Services’ program which shall include—

“Comprehensive Health Services.”

“(A) programs to aid in developing and carrying out comprehensive health services projects focused upon the needs of urban and rural areas having high concentrations or proportions of poverty and marked inadequacy of health services for the poor. These projects shall be designed—

“(i) to make possible, with maximum feasible use of existing agencies and resources, the provision of comprehensive health services, such as preventive medical, diagnostic, treatment, rehabilitation, family planning, narcotic addiction and alcoholism prevention and rehabilitation, mental health, dental, and followup services, together with necessary related facilities and services, except in rural areas where the lack of even elemental health services and personnel may require simpler, less comprehensive services to be established first; and

“(ii) to assure that these services are made readily accessible to low-income residents of such areas, are furnished in a manner most responsive to their needs and with their participation and wherever possible are combined with, or included within, arrangements for providing employment, education, social, or other assistance needed by the families and individuals served: *Provided, however,* That such services may be made available on an emergency basis or pending a determination of eligibility to all residents of such areas.

Funds for financial assistance under this paragraph shall be allotted according to need, and capacity of applicants to make rapid and effective use of that assistance, and may be used, as necessary, to pay the full costs of projects. Before approving any project, the Director shall solicit and consider the comments and recommendations of the local medical associations in the area and shall consult with appropriate Federal, State, and local health agencies and take such steps as may be required to assure that the program will be carried on under competent professional supervision and that existing agencies providing related services are furnished all assistance needed to permit them to plan for participation in the program and for the necessary continuation of those related services; and

Funds, allotment.

“(B) Programs to provide financial assistance to public or private agencies for projects designed to develop knowledge or enhance skills in the field of health services for the poor. Such projects shall encourage both prospective and practicing health professionals to direct their talents and energies toward providing health services for the poor. In carrying out the provisions of this paragraph, the Director is authorized to provide or arrange for training and study in the field of health services for the poor. Pursuant to regulations prescribed by him, the Director may arrange for the payment of stipends and allowances (including travel and subsistence expenses) for persons undergoing such training and study and for their dependents. The Director and the Secretary of Health, Education, and Welfare shall achieve effective coordination of programs and projects authorized under this section with other related activities.

“Upward Bound.”

“(5) A program to be known as ‘Upward Bound’ designed to generate skills and motivation necessary for success in education beyond high school among young people from low-income backgrounds and inadequate secondary school preparation. Projects must include arrangements to assure cooperation among one or more institutions of higher education and one or more secondary schools. They must include a curriculum designed to develop creative thinking, effective expression and attitudes toward learning needed for post-secondary educational success, necessary health services and such recreational and cultural and group activities as the Director determines may be appropriate. Financial assistance for such projects may be provided directly to institutions of higher learning, but the projects shall be closely coordinated with activities of community action agencies and activities carried on under the Higher Education Act of 1965.

note.

“Emergency Food and Medical Services.”

“(6) A program to be known as ‘Emergency Food and Medical Services’ designed to provide on a temporary emergency basis such basic foodstuffs and medical services as may be necessary to counteract conditions of starvation or malnutrition among the poor. The Director shall arrange to carry out his functions through the Secretary of Agriculture and the Secretary of Health, Education, and Welfare in a manner that will insure the availability of such foodstuffs and services through a community action agency where feasible, or other agencies or organizations if no such agency exists or is able to administer such foodstuffs and services to needy individuals. Each community action agency shall be encouraged to develop projects, such as the furnishing of information on nutrition, which will assist the poor to maintain an adequate and nutritious diet. Of the sums appropriated or allocated for programs authorized under this title, the Director shall reserve and make available not less than \$25,000,000 for the fiscal year ending June 30, 1968, and not less than \$50,000,000 for the fiscal year ending June 30, 1969, for the purpose of carrying out this paragraph.

Funds.

“Family Planning.”

“(7) A ‘Family Planning’ program to provide assistance and services to low-income persons in the field of voluntary family planning, including the provision of information, medical assistance, and supplies. The Director and the Secretary of Health, Education, and Welfare shall coordinate, and assure a full exchange of information concerning, family planning projects within their respective jurisdictions in order to assure the maxi-

imum availability of services and in order best to meet the varying needs of different communities. The Secretary of Health, Education, and Welfare shall make the services of Public Health Service officers available to the Director in carrying out this program.

“(8) A program to be known as ‘Senior Opportunities and Services’ designed to identify and meet the needs of older, poor persons above the age of 60 in one or more of the following areas: development and provision of new employment and volunteer services; effective referral to existing health, welfare, employment, housing, legal, consumer, transportation, education, and recreational and other services; stimulation and creation of additional services and programs to remedy gaps and deficiencies in presently existing services and programs; modification of existing procedures, eligibility requirements and program structures to facilitate the greater use of, and participation in, public services by the older poor; development of all-season recreation and service centers controlled by older persons themselves; and such other activities and services as the Director may determine are necessary or specially appropriate to meet the needs of the older poor and to assure them greater self-sufficiency. In administering this program the Director shall utilize to the maximum extent feasible the services of the Administration of Aging in accordance with agreements with the Secretary of Health, Education, and Welfare.

“‘Senior Opportunities and Services.’”

“(b) Consistent with, and subject to, the provisions of sections 230 and 232 (a), (b), and (c), programs under this section may include related training, research, and technical assistance, and funds allocated for this purpose may be allotted and used in the manner otherwise provided under this title with respect to training, research, and technical assistance activities.

#### “RESIDENT EMPLOYMENT

“SEC. 223. In the conduct of all component programs under this part, residents of the area and members of the groups served shall be provided maximum employment opportunity, including opportunity for further occupational training and career advancement. The Director shall encourage the employment of persons fifty-five years and older as regular, part-time and short-term staff in component programs.

#### “NEIGHBORHOOD CENTERS

“SEC. 224. The Director shall encourage the development of neighborhood centers, designed to promote the effectiveness of needed services in such fields as health, education, manpower, consumer protection, child and economic development, housing, legal, recreation, and social services, and so organized (through a corporate or other appropriate framework) as to promote maximum participation of neighborhood residents in center planning, policymaking, administration, and operation. In addition to providing such services as may not otherwise be conveniently or readily available, such centers shall be responsive to such neighborhood needs, such as counseling, referral, follow-through, and community development activities, as may be necessary or appropriate to best assure a system under which existing programs are extended to the most disadvantaged, are linked to one another, are responsive and relevant to the range of community, family, and individual problems and are fully adapted to neighborhood needs and conditions.

## "ALLOTMENT OF FUNDS; LIMITATIONS ON ASSISTANCE

"SEC. 225. (a) Of the sums which are appropriated or allocated for assistance in the development and implementation of community action programs pursuant to section 221, and for special program projects referred to in section 222(a), and which are not subject to any other provision governing allotment or distribution, the Director shall allot not more than 2 per centum among Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands, according to their respective needs. He shall also reserve not more than 20 per centum of those sums for allotment in accordance with such criteria and procedures as he may prescribe. The remainder shall be allotted among the States, in accordance with the latest available data, so that equal proportions are distributed on the basis of (1) the relative number of public assistance recipients in each State as compared to all States, (2) the average number of unemployed persons in each State as compared to all States, and (3) the relative number of related children living with families with incomes of less than \$1,000 in each State as compared to all States. That part of any State's allotment which the Director determines will not be needed may be reallocated, at such dates during the fiscal year as the Director may fix, in proportion to the original allotments, but with appropriate adjustments to assure that any amount so made available to any State in excess of its needs is similarly reallocated among the other States.

Reallotment.

Special programs, allotment.

"(b) The Director may provide for the separate allotment of funds for any special program referred to in section 222(a). This allotment may be made in accordance with the criteria prescribed in subsection (a), or it may be made in accordance with other criteria which he determines will assure an equitable distribution of funds reflecting the relative incidence in each State of the needs or problems at which the program is directed, except that in no event may more than 12½ per centum of the funds for any one program be used in any one State.

"(c) Unless otherwise provided in this part, financial assistance extended to a community action agency or other agency pursuant to sections 221 and 222(a), for the period ending June 30, 1967, shall not exceed 90 per centum of the approved cost of the assisted programs or activities, and thereafter shall not exceed 80 per centum of such costs. The Director may, however, approve assistance in excess of such percentages if he determines, in accordance with regulations establishing objective criteria, that such action is required in furtherance of the purposes of this title, Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment, or services. If in any fiscal year, a community provides non-Federal contributions under this title exceeding its requirements under this section, such excess may be used to meet its requirements for such contributions under section 131.

Non-Federal contribution.

Ante, p. 687.  
Restriction.

"(d) No program shall be approved for assistance under sections 221 and 222(a) unless the Director satisfies himself (1) that the services to be provided under such program will be in addition to, and not in substitution for, services previously provided without Federal assistance, and (2) that funds or other resources devoted to programs designed to meet the needs of the poor within the community will not be diminished in order to provide any contributions required under subsection (c). The requirement imposed by the preceding sentence shall be subject to such regulations as the Director may adopt and promulgate establishing objective criteria for determinations covering situations where a strict application of that requirement would result in unnecessary hardship or otherwise be inconsistent with the purposes sought to be achieved.

**"PART C—SUPPLEMENTAL PROGRAMS AND ACTIVITIES****"TECHNICAL ASSISTANCE AND TRAINING**

"SEC. 230. The Director may provide, directly or through grants or other arrangements, (1) technical assistance to communities in developing, conducting, and administering programs under this title, and (2) training for specialized or other personnel which is needed in connection with those programs or which otherwise pertains to the purposes of this title. Upon request of an agency receiving financial assistance under this title, the Director may make special assignments of personnel to the agency to assist and advise it in the performance of functions related to the assisted activity; but no such special assignment shall be for a period of more than two years in the case of any agency.

**"STATE AGENCY ASSISTANCE**

"SEC. 231. (a) The Director may provide financial assistance to State agencies designated in accordance with State law, to enable those agencies—

"(1) to provide technical assistance to communities and local agencies in developing and carrying out programs under this title;

"(2) to assist in coordinating State activities related to this title;

"(3) to advise and assist the Director in developing procedures and programs to promote the participation of States and State agencies in programs under this title; and

"(4) to advise and assist the Director, the Economic Opportunity Council established by section 631 of the Act, and the heads of other Federal agencies, in identifying problems posed by Federal statutory or administrative requirements that operate to impede State level coordination of programs related to this title, and in developing methods or recommendations for overcoming those problems.

"(b) In any grants or contracts with State agencies, the Director shall give preference to programs or activities which are administered or coordinated by the agencies designated pursuant to subsection (a), or which have been developed and will be carried on with the assistance of those agencies.

"(c) In order to promote coordination in the use of funds under this Act and funds provided or granted by State agencies, the Director may enter into agreements with States or State agencies pursuant to which they will act as agents of the United States for purposes of providing financial assistance to community action agencies or other local agencies in connection with specific projects or programs involving the common or joint use of State funds and funds under this title.

*Post, p. 718.*

**"RESEARCH AND PILOT PROGRAMS**

"SEC. 232. (a) The Director may contract or provide financial assistance for pilot or demonstration projects conducted by public or private agencies which are designed to test or assist in the development of new approaches or methods that will aid in overcoming special problems or otherwise in furthering the purposes of this title. He may also contract or provide financial assistance for research pertaining to the purposes of this title.

"(b) The Director shall establish an overall plan to govern the approval of pilot or demonstration projects and the use of all research authority under this title. The plan shall set forth specific objectives to

78 Stat. 532.  
42 USC 2948.

be achieved and priorities among such objectives. In formulating the plan, the Director shall consult with other Federal agencies for the purpose of minimizing duplication among similar activities or projects and determining whether the findings resulting from any research or pilot projects may be incorporated into one or more programs for which those agencies are responsible. As part of the annual report required by section 608, or in a separate annual report, the Director shall submit a description for each fiscal year of the current plan required by this section, of activities subject to the plan, and of the findings derived from those activities, together with a statement indicating the time and, to the extent feasible, the manner in which the benefits of those activities and findings are expected to be realized.

“(c) Not more than 15 per centum of the sums appropriated or allocated in any fiscal year for this title shall be used for the purposes of this section. One-third of the sums so appropriated or allocated shall be available only for projects authorized under subsection (f) of this section.

“(d) No pilot or demonstration project under this section shall be commenced in any city, county, or other major political subdivision, unless a plan setting forth such proposed pilot or demonstration project has been submitted to the appropriate community action agency, or, if there is no such agency, to the local governing officials of the political subdivision, and such plan has not been disapproved by the community action agency or governing body, as the case may be, within thirty days of such submission, or, if so disapproved, has been reconsidered by the Director and found by him to be fully consistent with the provisions and in furtherance of the purposes of this title.

“(e) The Director shall develop and carry out pilot projects which (1) aid elderly persons to achieve greater self-sufficiency, (2) focus upon the problems of rural poverty, (3) are designed to develop new techniques and community-based efforts to prevent narcotics addiction or to rehabilitate narcotic addicts, or (4) are designed to encourage the participation of private organizations, other than nonprofit organizations, in programs under this title.

“(f) The Director shall conduct, either directly or through grants or other arrangements, research and pilot projects designed to assure a more effective use of human and natural resources of rural America and to slow the migration from rural areas due to lack of economic opportunity, thereby reducing population pressures in urban centers. Such projects may be operated jointly or in cooperation with other federally assisted programs, particularly programs authorized under the Public Works and Economic Development Act of 1965, in the area to be served by the project.

#### “EVALUATION

“SEC. 233. (a) The Director shall provide for the continuing evaluation of programs under this title, including their effectiveness in achieving stated goals, their impact on related programs, and their structure and mechanisms for the delivery of services and including, where appropriate, comparisons with proper control groups composed of persons who have not participated in such programs. He may, for this purpose, contract for independent evaluations of those programs or individual projects. He may require community action agencies to provide for independent evaluations, and where appropriate, he may also require a community action agency to establish an independent group or committee to provide evaluation and advisory services on either a short-term or continuing basis. He shall consult with other Federal agencies, or where appropriate with State agencies, in order to provide wherever feasible for jointly sponsored objective evaluation studies on a National or State basis. He shall also arrange for obtain-

ing the opinions of participants about the strengths and weaknesses of the programs. The reports of studies undertaken under this section, together with the comments of the Director and other agencies, if any, shall be public records, and the results shall be summarized in the report required by section 608.

78 Stat. 532.  
42 USC 2948.

“(b) The Director shall develop and publish standards for evaluation of program effectiveness in achieving the objectives of this title. Such standards shall be considered in deciding whether to renew or supplemental financial assistance provided by sections 221, 222, 230, and 231.

“(c) The Director shall provide by contract for the conduct of an independent study and evaluation of the action taken under sections 210 and 211 of this Act and the effects thereof, with particular reference to (1) the exercise of their authorities under the provisions of title II of this Act by States and political subdivisions, (2) the participation of residents of the areas and members of the groups served, public officials and others and (3) the administrative and program advantages and disadvantages, if any, encountered or foreseen in implementing such sections. He shall transmit such study and evaluation to the Congress before April 1, 1969.

#### “PART D—GENERAL AND TECHNICAL PROVISIONS

##### “ASSISTANT DIRECTORS FOR COMMUNITY ACTION

“SEC. 240. The Director shall appoint two assistant directors for the purpose of assisting the Director in the administration of the provisions of this title. One such assistant director, to be known as the Assistant Director for Community Action in Rural Areas, shall be responsible for assuring that funds allotted for assistance to programs or projects designed to assist the rural poor are so expended. The other assistant director, to be known as the Assistant Director for Community Action in Urban Areas, shall be responsible for assuring that funds allotted for assistance to programs or projects designed to assist the urban poor are so expended. Each assistant director shall have such additional responsibilities consistent with the foregoing responsibilities as the Director may hereafter assign.

Assistant Directors, appointment.

##### “RURAL AREAS

“SEC. 241. (a) In exercising authority under this title, the Director shall take necessary steps to further the extension of benefits to residents of rural areas, consistent with the extent and severity of poverty among rural residents, and to encourage high levels of managerial and technical competence in programs undertaken in rural areas. These steps shall include, to the maximum extent practicable, (1) the development under section 222(a) of programs particularly responsive to special needs of rural areas; (2) the establishment, pursuant to section 232, of a program of research and pilot project activities specifically focused upon the problems of rural poverty; (3) the provision of technical assistance so as to afford a priority to agencies in rural communities and to aid those agencies, through such arrangements as may be appropriate, in securing assistance under Federal programs which are related to this title but which are not generally utilized in rural areas; and (4) the development of special or simplified procedures, forms, guidelines, model components, and model programs for use in rural areas.

“(b) The Director shall establish criteria designed to achieve an equitable distribution of assistance under this title within the States between urban and rural areas. In developing such criteria, he shall

consider the relative number in the States or areas therein of: (1) low-income families, particularly those with children; (2) unemployed persons; (3) persons receiving cash or other assistance on a needs basis from public agencies or private organizations; (4) school drop-outs; (5) adults with less than an eighth-grade education; (6) persons rejected for military service; and (7) poor persons living in urban places compared to the number living in rural places as determined by the latest reports of the Bureau of the Census.

“(c) Notwithstanding any other provision of this title, the Director is authorized to provide financial assistance in rural areas to public or private nonprofit agencies for any project for which assistance to community action agencies is authorized, if he determines that it is not feasible to establish a community action agency within a reasonable period of time. The assistance so granted shall be subject to such conditions as the Director deems appropriate to promote adherence to the purposes of this title and the early establishment of a community action agency in the area.

“(d) The Director shall encourage the development of programs for the interchange of personnel, for the undertaking of common or related projects, and other methods of cooperation between urban and rural communities, with particular emphasis on fostering cooperation in situations where it may contribute to new employment opportunities, and between larger urban communities with concentrations of low-income persons and families and rural areas in which substantial numbers of those persons and families have recently resided.

#### “SUBMISSION OF PLANS TO GOVERNORS

“SEC. 242. In carrying out the provisions of this title, no contract, agreement, grant, loan, or other assistance shall be made with, or provided to, any State or local public agency or any private institution or organization for the purpose of carrying out any program, project, or other activity within a State unless a plan setting forth such proposed contract, agreement, grant, loan, or other assistance has been submitted to the Governor of the State, and such plan has not been disapproved by the Governor within thirty days of such submission, or, if so disapproved, has been reconsidered by the Director and found by him to be fully consistent with the provisions and in furtherance of the purposes of this title. This section shall not, however, apply to contracts, agreements, grants, loans, or other assistance to any institution of higher education in existence on the date of the approval of this Act.

#### “FISCAL RESPONSIBILITY AND AUDIT

“SEC. 243. (a) No funds shall be released to any agency receiving financial assistance under this title until it has submitted to the Director a statement certifying that the assisted agency and its delegate agencies (or subcontractors for performance of any major portion of the assisted program) have established an accounting system with internal controls adequate to safeguard their assets, check the accuracy and reliability of the accounting data, promote operating efficiency and encourage compliance with prescribed management policies and such additional fiscal responsibility and accounting requirements as the Director may establish. The statement may be furnished by a certified public accountant, a duly licensed public accountant or, in the case of a public agency, the appropriate public financial officer who accepts responsibility for providing required financial services to that agency.

“(b) Within three months after the effective date of a grant to or contract of assistance with an organization or agency, the Director shall make or cause to be made a preliminary audit survey to review

and evaluate the adequacy of the accounting system and internal controls established thereunder to meet the standards set forth in the statement referred to in subsection (a). Promptly after the completion of the survey, the Director shall determine on the basis of findings and conclusions resulting from the survey whether the accounting systems and internal controls meet those standards and, if not, whether to suspend the grant or contract. In the event of suspension, the assisted agency shall be given not more than six months within which to establish the necessary systems and controls, and, in the event of failure to do so within such time period, the assistance shall be terminated by the Director.

“(c) At least once annually the Director shall make or cause to be made an audit of each grant or contract of assistance under this title. Promptly after the completion of such audit, he shall determine on the basis of resulting findings and conclusions whether any of the costs of expenditures incurred shall be disallowed. In the event of disallowance, the Director may seek recovery of the sums involved by appropriate means, including court action or a commensurate increase in the required non-Federal share of the costs of any grant or contract with the same agency or organization which is then in effect or which is entered into within twelve months after the date of disallowance.

Annual audits.

“(d) The Director shall establish such other requirements and take such actions as he may deem necessary and appropriate to carry out the provisions of this section and to insure fiscal responsibility and accountability, and the effective and efficient handling of funds in connection with programs assisted under this title. These requirements and actions shall include (1) necessary action to assure that the rate of expenditure of any agency receiving financial assistance does not exceed the rate contemplated under its approved program; and (2) appropriate requirements to promote the continuity and coordination of all projects or components of programs receiving financial assistance under this title, including provision for the periodic reprogramming and supplementation of assistance previously provided.

#### “SPECIAL LIMITATIONS

“SEC. 244. The following special limitations shall apply, as indicated, to programs under this title.

“(1) Financial assistance under this title may include funds to provide a reasonable allowance for attendance at meetings of any community action agency governing board, neighborhood council or committee, as appropriate to assure and encourage the maximum feasible participation of members of groups and residents of areas served in accordance with the purposes of this title, and to provide reimbursement of actual expenses connected with those meetings; but those funds (or matching non-Federal funds) may not be used to pay allowances in the case of any individual who is a Federal, State, or local government employee, or an employee of a community action agency, or for payment of an allowance to any individual for attendance at more than two meetings a month.

“(2) The Director shall issue necessary rules or regulations to assure that no employee engaged in carrying out community action program activities receiving financial assistance under this title is compensated from funds so provided at a rate in excess of \$15,000 per annum, and that any amount paid to such an employee at a rate in excess of \$15,000 per annum shall not be considered in determining whether the non-Federal contributions requirements of section 225 (c) have been complied with; the Director may, however, provide in those rules or regulations for exceptions covering

Compensation,  
limitation.

cases (particularly in large metropolitan areas) where, because of the need for specialized or professional skills or prevailing local salary levels, application of the foregoing restriction would greatly impair program effectiveness or otherwise be inconsistent with the purposes sought to be achieved.

“(3) No officer or employee of the Office of Economic Opportunity shall serve as member of a board, council, or committee of any agency serving as grantee, contractor, or delegate agency in connection with a program receiving financial assistance under this title; but this shall not prohibit an officer or employee from serving on a board, council, or committee which does not have any authority or powers in connection with a program assisted under this title.

Family planning  
services.

“(4) In granting financial assistance for projects or activities in the field of family planning, the Director shall assure that family planning services, including the dissemination of family planning information and medical assistance and supplies, are made available to all low-income individuals who meet the criteria for eligibility for assistance under this title which have been established by the assisted agency and who desire such information, assistance, or supplies. The Director shall require, in connection with any such financial assistance, that—

“(A) no individual will be provided with any information, medical supervision, or supplies which that individual indicates are inconsistent with his or her moral, philosophical, or religious beliefs; and

“(B) no individual will be provided with any medical supervision or supplies unless he or she has voluntarily requested such medical supervision or supplies.

The use of family planning services assisted under this title shall not be a prerequisite to the receipt of services from or participation in any other programs under this Act.

“(5) No financial assistance shall be extended under this title to provide general aid to elementary or secondary education in any school or school system; but this shall not prohibit the provision of special, remedial, and other noncurricular educational assistance.

“(6) In extending assistance under this title the Director shall give special consideration to programs which make maximum use of existing schools, community centers, settlement houses, and other facilities during times they are not in use for their primary purpose.

Financial  
assistance,  
limitation.

“(7) No financial assistance shall be extended under this title in any case in which the Director determines that the costs of developing and administering all of the programs assisted under this title carried on by or under the supervision of any community action agency exceed 15 per centum of the total costs, including non-Federal contributions to such costs, of such programs. The Director, after consultation with the Director of the Bureau of the Budget, shall establish by regulation, criteria for determining (i) the costs of developing and administering such programs, and (ii) the total costs of such programs. In any case in which the Director determines that the cost of administering such programs does not exceed 15 per centum of such total costs but is, in his judgment, excessive, he shall forthwith require such community action agency to take such steps prescribed by him as will eliminate such excessive administrative cost, including the sharing by one or more such community action agencies of a common director and other administrative personnel. The Director may waive the

In the case of other programs related to this Act, the heads of the Federal agencies responsible for those programs shall, to the extent permitted by law, similarly provide assistance for projects and activities in a manner which encourages combinations with other related projects and activities where appropriate, and with community action programs. In connection with operation of the center, the Director may carry on research or studies concerning the improvement of information systems in support of the purposes of this Act, the adequacy of existing data, ways in which data generated on the State and local level may be incorporated into Federal information systems, and methods by which data may be made more readily available to State and local officials or used to further coordination objectives.

"(b) The Director shall publish and maintain on a current basis, a catalog of Federal programs relating to individual and community improvement. SEC. 110. Title VIII of the Economic Opportunity Act of 1964 is amended to read as follows:

### “TITLE VIII—DOMESTIC VOLUNTEER SERVICE PROGRAMS

#### “VOLUNTEERS IN SERVICE TO AMERICA

##### “STATEMENT OF PURPOSE

“SEC. 801. This title provides for a program of full-time volunteer service, for programs of part-time or short-term community volunteer service, and for special volunteer programs, together with other powers and responsibilities designed to assist in the development and coordination of volunteer programs. Its purpose is to strengthen and supplement efforts to eliminate poverty by encouraging and enabling persons from all walks of life and all age groups, including elderly and retired Americans, to perform meaningful and constructive service as volunteers in part-time or short-term programs in their home or nearby communities, and as full-time volunteers serving in rural areas and urban communities, on Indian reservations, among migrant workers, in Job Corps centers, and in other agencies, institutions, and situations where the application of human talent and dedication may help the poor to overcome the handicaps of poverty and to secure and exploit opportunities for self-advancement.

#### “PART A—FULL-TIME VOLUNTEER PROGRAMS

##### “AUTHORITY TO ESTABLISH FULL-TIME PROGRAMS

“SEC. 810. (a) The Director may recruit, select, and train persons to serve in full-time volunteer programs, and upon request of Federal, State, or local agencies, or private nonprofit organizations, may assign such volunteers to work—

“(1) in meeting the health, education, welfare, or related needs of Indians living on reservations, of migratory workers and their families, or of residents of the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, or the Trust Territory of the Pacific Islands;

“(2) in the care and rehabilitation of the mentally ill or mentally retarded under treatment at nonprofit mental health or mental retardation facilities; and

“(3) in connection with programs or activities authorized, supported, or of a character eligible for assistance under this Act.

“(b) The assignment of volunteers under this section shall be on such terms and conditions (including restrictions on political activities

that appropriately recognize the special status of volunteers living among the persons or groups served by programs to which they have been assigned) as the Director may determine, including work assignments in their own or nearby communities; but volunteers under this part shall not be assigned to duties or work in any State without the consent of the Governor. The assignment of such a volunteer in any State shall be terminated by the Director when so requested by the Governor of such State not later than thirty days or at a time thereafter agreed upon by the Governor and Director after such request has been made by the Governor to the Director.

#### "TERMS OF SERVICE

"SEC. 811. (a) Volunteers under this part shall be required to make a full-time personal commitment to combating poverty. To the extent practicable, this shall include a commitment to live among and at the economic level of the people served, and to remain available for service without regard to regular working hours, at all times during their term of service, except for authorized periods of leave.

"(b) Volunteers under this part shall be enrolled for one-year periods of service, excluding time devoted to training. The Director may, however, allow persons who are unable to make a full one-year commitment to enroll as volunteer associates for periods of service of not less than two months where he determines that this more limited service will effectively promote the purposes of this title.

"(c) All volunteers under this part shall take and subscribe to an oath or affirmation in the form prescribed by section 106 of this Act, and the provisions of section 1001 of title 18, United States Code, shall be applicable with respect to that oath or affirmation.

He may provide a stipend not to exceed \$75 per month in the case of persons who have served for at least one year and who, in accordance with standards prescribed by him, have been designated volunteer leaders on the basis of experience and special skills. The Director may also provide volunteers such living, travel (including travel to and from the place of training), and leave allowances, and such housing, supplies, equipment, subsistence, clothing, health and dental care, or such other support, as he may deem necessary or appropriate for their needs.

"(b) Stipends shall be payable only upon completion of a term of service; except that in extraordinary circumstances the Director may from time to time advance accrued stipend, or any portion thereof, to or on behalf of a volunteer. In the event of the death of a volunteer during service, the amount of any unpaid stipend shall be paid in accordance with the provisions of section 5582 of title 5, United States Code.

80 Stat. 495.

"(c) The Director may provide or arrange for educational and vocational counseling of volunteers and recent volunteers to encourage them to use the skills and experience which they have derived from their training and service in the national interest, and particularly in combating poverty as members of the helping professions.

"SEC. 820. (a) The Director shall develop programs designed to expand opportunities for persons to participate in a direct and personal way, on a part-time basis or for shorter periods of service than are required for enrollment under section 810, and in their home or nearby communities, in volunteer activities contributing to the elimination of poverty. Pursuant to appropriate plans, agreements, or arrangements the Director may provide financial, technical, or other assistance needed to carry on projects that are undertaken in connection with these programs. These projects may include, without limitation, activities designed (1) to encourage greater numbers of persons to participate, as volunteers, in local programs and projects assisted under this Act, with particular emphasis upon programs designed to aid youth or promote child development; (2) to encourage persons with needed managerial, professional, or technical skills to contribute those skills to programs for the development or betterment of urban and rural neighborhoods or areas having especially large concentrations or proportions of the poor, with particular emphasis upon helping residents of those neighborhoods or areas to develop the competence necessary to take advantage of public and private resources which would not otherwise be available or used for those programs; and (3) to assist existing national and local agencies relying upon or in need of volunteers to obtain volunteer services more readily, or to provide specialized short-term training, with particular emphasis on agencies serving the most seriously disadvantaged, operating in areas of the most concentrated poverty, or having similar critical needs.

"(b) Persons serving as volunteers under this section shall receive no living allowance or stipend and only such other support or allowances as the Director determines, pursuant to regulations, are required because of unusual or special circumstances affecting the project.

"(c) The services of any person, if otherwise allowable as a non-Federal contribution toward the cost of any program or project assisted under this or any other Federal Act, shall not be disallowed merely by reason of actions of the Director under this section in providing for or assisting in the recruitment, referral, or preservice training of such person.

**"SPECIAL VOLUNTEER PROGRAMS**

"SEC. 821. The Director is authorized to conduct, or provide by grant or contract for, special volunteer programs designed to stimulate and initiate improved methods of providing volunteer services and to encourage wider volunteer participation, in furtherance of the purposes of this title. 74 Stat. 415.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That subsection (d) of section 103 of title 23, United States Code, is amended by inserting “(1)” immediately after “(d)” and by adding at the end thereof the following new paragraph:

“(2) In addition to the mileage authorized by the first sentence of paragraph (1) of this subsection, there is hereby authorized additional mileage for the Interstate System of two hundred miles, to be used in making modifications or revisions in the Interstate System as provided in this paragraph. Upon the request of a State highway department the Secretary may withdraw his approval of any route or portion thereof on the Interstate System within that State selected and approved in accordance with this title prior to the enactment of this paragraph, if he determines that such route or portion thereof is not essential to completion of a unified and connected Interstate System (including urban routes necessary for metropolitan transportation) and will not be constructed as a part of the Interstate System, and if he receives assurances that the State does not intend to construct a toll road in the traffic corridor which would be served by such route or portion thereof. After the Secretary has withdrawn his approval of any such route or portion thereof the mileage of such route or portion thereof and the additional mileage authorized by the first sentence of this paragraph shall be available for the designation of interstate routes or portions thereof as provided in this subsection. The provisions of this title applicable to the Interstate System shall apply to all mileage designated under the third sentence of this paragraph, except that the cost to the United States of the aggregate of all mileage designated under the third sentence of this paragraph shall not exceed the cost to the United States of the aggregate of all mileage approval for which is withdrawn under the second sentence of this paragraph, as such cost is included in the 1965 Interstate System cost estimate set forth in House Document Numbered 42, Eighty-ninth Congress. In considering routes or portions thereof to be added to the Interstate System under the third sentence of this paragraph, the Secretary shall, in consultation with the States and local governments concerned, give due regard to (A) routes or portions thereof in States in which the Secretary has heretofore or hereafter withdrawn his approval of other routes or portions thereof, and (B) the extension of routes which terminate within municipalities served by a single interstate route, so as to provide traffic service entirely through such municipalities.”

“(e) **SPECIAL DEDUCTION AND INCOME ACCOUNT.**—In the case of taxable years beginning after December 31, 1966, of a company which writes mortgage guaranty insurance—

“(1) **ADDITIONAL DEDUCTION.**—There shall be allowed as a deduction for the taxable year, if bonds are purchased as required by paragraph (2), the sum of—

“(A) an amount representing the amount required by State law or regulation to be set aside in a reserve for mortgage guaranty insurance losses resulting from adverse economic cycles; and

“(B) an amount representing the aggregate of amounts so set aside in such reserve for the 8 preceding taxable years to the extent such amounts were not deducted under this paragraph in such preceding taxable years,

except that the deduction allowable for the taxable year under this paragraph shall not exceed the taxable income for the taxable year computed without regard to this paragraph or to any carryback of a net operating loss. For purposes of this paragraph, the amount required by State law or regulation to be so set aside in any taxable year shall not exceed 50 percent of premiums earned on insurance contracts (as defined in subsection (b) (4)) with respect to mortgage guaranty insurance for such year. For purposes of this subsection, all amounts shall be taken into account on a first-in-time basis. The computation and deduction under this section of losses incurred (including losses resulting from adverse economic cycles) shall not be affected by the provisions of this subsection. For purposes of this subsection, the terms ‘preceding taxable years’ and ‘preceding taxable year’ shall not include taxable years which began before January 1, 1967.

“(2) **PURCHASE OF BONDS.**—The deduction under paragraph (1) shall be allowed only to the extent that tax and loss bonds are purchased in an amount equal to the tax benefit attributable to such deduction, as determined under regulations prescribed by the Secretary or his delegate, on or before the date that any taxes (determined without regard to this subsection) due for the taxable year for which the deduction is allowed are due to be paid, as if no election to make installment payments under section 6152 is made. If a deduction would be allowed but for the fact that tax and loss bonds were not timely purchased, such deduction shall be allowed to the extent such purchases are made within a reasonable time, as determined by the Secretary or his delegate, if all interest and penalties, computed as if this sentence did not apply, are paid.

68A Stat. 757.  
26 USC 6152.

“(3) **MORTGAGE GUARANTY ACCOUNT.**—Each company which writes mortgage guaranty insurance shall, for purposes of this part, establish and maintain a mortgage guaranty account.

“(4) **ADDITIONS TO ACCOUNT.**—There shall be added to the mortgage guaranty account for each taxable year an amount equal to the amount allowed as a deduction for the taxable year under paragraph (1).

“(5) **SUBTRACTIONS FROM ACCOUNT AND INCLUSION IN GROSS INCOME.**—After applying paragraph (4), there shall be subtracted for the taxable year from the mortgage guaranty account and included in gross income—

“(A) the amount (if any) remaining which was added to the account for the tenth preceding taxable year, and

“(B) the excess (if any) of the aggregate amount in the mortgage guaranty account over the aggregate amount in the reserve referred to in paragraph (1) (A). For purposes of determining such excess, the aggregate amount in the mortgage guaranty account shall be determined after applying subparagraph (A), and the aggregate amount in the reserve referred to in paragraph (1) (A) shall be determined by disregarding any amounts remaining in such reserve added for taxable years beginning before January 1, 1967,

“(C) an amount (if any) equal to the net operating loss for the taxable year computed without regard to this subparagraph, and

“(D) any amount improperly subtracted from the account under subparagraph (A), (B), or (C) to the extent that tax and loss bonds were redeemed with respect to such amount.

If a company liquidates or otherwise terminates its mortgage guaranty insurance business and does not transfer or distribute such business in an acquisition of assets referred to in section 381(a), the entire amount remaining in such account shall be subtracted. Except in the case where a company transfers or distributes its mortgage guaranty insurance in an acquisition of assets referred to in section 381(a), if the company is not subject to the tax imposed by section 831 for any taxable year, the entire amount in the account at the close of the preceding taxable year shall be subtracted from the account in such preceding taxable year.”

be issued in such amounts and on such terms and conditions as required by section 832(e) of such Code and as the Secretary of the Treasury shall prescribe. In addition, tax and loss bonds may be redeemed as prescribed by the Secretary of the Treasury."

*Ante*, p. 777.

(g) (1) In the case of taxable years beginning before 1967, a company shall treat additions to a reserve, required by State law or regulations for mortgage guaranty insurance losses resulting from adverse economic cycles, as unearned premiums for purposes of section 832(b) (4) of the Internal Revenue Code of 1954, but the amount so treated as unearned premiums in a taxable year shall not exceed 50 percent of premiums earned on insurance contracts (as defined in section 832(b) (4) of such Code), determined without regard to amounts added to the reserve, with respect to mortgage guaranty insurance for such year. The amount of unearned premiums at the close of 1966 shall be determined without regard to the preceding sentence for the purpose of applying section 832(b) (4) of such Code to 1967. Additions to such a reserve shall not be treated as unearned premiums for any taxable year beginning after 1966.

68A Stat. 264.  
26 USC 832.

(2) If a mortgage guaranty insurance company made additions to a reserve which were so treated as unearned premiums described in paragraph (1), such company, in taxable years beginning after 1966, shall include in gross income (in addition to the items specified in section 832(b) (1) of such Code) the sum of the following amounts until there is included in gross income an amount equal to the aggregate additions to the reserve described in paragraph (1) for taxable years beginning before 1967:

(A) an amount (if any) equal to the excess of losses incurred (as defined in section 832(b) (5) of such Code) for the taxable year over 35 percent of premiums earned on insurance contracts during the taxable year (as defined in section 832(b) (4) of such Code), determined without regard to amounts added to the reserve referred to in paragraph (1), with respect to mortgage guaranty insurance,

(B) the amount (if any) remaining which was added to the reserve for the tenth preceding taxable year, and

(C) the excess (if any) of—

(i) the aggregate of amounts so treated as unearned premiums for all taxable years beginning before 1967 less the total of the amounts included in gross income under this paragraph for prior taxable years and the amounts included in gross income under subparagraphs (A) and (B) for the taxable year, over

(ii) the aggregate of the additions made for taxable years beginning before 1967 which remain in the reserve at the close of the taxable year.

Amounts shall be taken into account on a first-in-time basis. For purposes of section 832(e) of such Code and this paragraph, if part of the reserve is reduced under State law or regulation, such reduction shall first apply to the extent of amounts added to the reserve for

taxable years beginning before 1967, and only then to amounts added thereafter.

(3) The provisions of this subsection shall apply to taxable years beginning after December 31, 1956.

“SEC. 301. (a) The Commissioner shall carry out a program for making grants for supplementary educational centers and services, to stimulate and assist in the provision of vitally needed educational services not available in sufficient quantity or quality, and to stimulate and assist in the development and establishment of exemplary elementary and secondary school educational programs to serve as models for regular school programs.

“(b) For the purpose of making grants under this title, there is hereby authorized to be appropriated the sum of \$100,000,000 for the fiscal year ending June 30, 1966; \$175,000,000 for the fiscal year ending June 30, 1967; \$500,000,000 for the fiscal year ending June 30, 1968; \$512,500,000 for the fiscal year ending June 30, 1969; and \$550,000,000 for the fiscal year ending June 30, 1970. In addition, there are hereby authorized to be appropriated for the fiscal year ending

June 30, 1968, and each of the two succeeding fiscal years, such sums as may be necessary for the administration of State plans, the activities of advisory councils, and the evaluation and dissemination activities required under this title.

“ALLOTMENT AMONG STATES

“SEC. 302. (a) (1) There is hereby authorized to be appropriated for each fiscal year for the purposes of this paragraph an amount equal to not more than 3 per centum of the amount appropriated for such year for grants under this title. The Commissioner shall allot the amount appropriated pursuant to this paragraph among Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands according to their respective needs for assistance under this title. In addition for each fiscal year ending prior to July 1, 1969, he shall allot from such amount to (A) the Secretary of the Interior the amount necessary to provide programs and projects for the purpose of this title for individuals on reservations serviced by elementary and secondary schools operated for Indian children by the Department of the Interior, and (B) the Secretary of Defense the amount necessary for such assistance for children and teachers in the overseas dependents schools of the Department of Defense. The terms upon which payments for such purpose shall be made to the Secretary of the Interior and the Secretary of Defense shall be determined pursuant to such criteria as the Commissioner determines will best carry out the purposes of this title.

“(2) From the sums appropriated for making grants under this title for any fiscal year pursuant to section 301 (b), the Commissioner shall allot \$200,000 to each State and shall allot the remainder of such sums among the States as follows:

“(A) He shall allot to each State an amount which bears the same ratio to 50 per centum of such remainder as the number of children aged five to seventeen, inclusive, in the State bears to the number of such children in all the States, and

“(B) He shall allot to each State an amount which bears the same ratio to 50 per centum of such remainder as the population of the State bears to the population of all the States.

For the purposes of this subsection, the term ‘State’ does not include the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

“(b) The number of children aged five to seventeen, inclusive, and the total population of a State and of all the States shall be determined by the Commissioner on the basis of the most recent satisfactory data available to him.

“(c) The amount allotted to any State under subsection (a) for any fiscal year, which the Commissioner determines will not be required for the period for which that amount is available, shall be available for grants pursuant to section 306 in such State, and if not so needed may be reallocated or used for grants pursuant to section 306 in other States. Funds available for reallocation may be reallocated from time to time, on such dates during that period as the Commissioner may fix, among other States in proportion to the amounts originally allotted among those States under subsection (a) for that year, but with the proportionate amount for any of the other States being reduced to the extent it exceeds the sum the Commissioner estimates that State needs and will be able to use for that period; and the total of these reductions may be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount reallocated to a State under this subsection from funds appropriated pursuant to sec-

tion 301 for any fiscal year shall be deemed to be a part of the amount allotted to it under subsection (a) for that year.

"(d) The amounts made available under the first sentence of subsection (c) for any fiscal year shall remain available for grants during the next succeeding fiscal year.

20 USC 646.

SEC. 217. Section 16(a) of the Act of September 23, 1950 (Public Law 815, Eighty-first Congress), is amended to read as follows:

“SCHOOL CONSTRUCTION ASSISTANCE IN CASES OF CERTAIN DISASTERS

“SEC. 16. (a) In any case in which—

“(1) (A) the Director of the Office of Emergency Planning determines with respect to any local educational agency (including for the purpose of this section any other public agency which operates schools providing technical, vocational, or other special education to children of elementary or secondary school age) that such agency is located in whole or in part within an area which, after August 30, 1965, and prior to July 1, 1970, has suffered a major disaster as the result of any flood, drought, fire, hurricane, earthquake, storm, or other catastrophe which, in the determination of the President pursuant to section 2(a) of the Act of September 30, 1950 (42 U.S.C. 1855a(a)), is or threatens to be of sufficient severity or magnitude to warrant disaster assistance by the Federal Government; or

64 Stat. 1109.

“(B) the Commissioner determines with respect to any such agency that public elementary or secondary school facilities (or, in the case of a public agency other than a local educational agency, school facilities providing technical, vocational, or other special education to children of elementary or secondary school age) of such agency have been destroyed or seriously damaged as a result of flood, hurricane, earthquake, storm, fire, or other catastrophe, except any such catastrophe caused by negligence or malicious action; and

“(2) the Governor of the State in which such agency is located has certified the need for disaster assistance under this section, and has given assurance of expenditure of a reasonable amount of the funds of the government of such State, or of any political subdivision thereof, for the same or similar purposes with respect to such catastrophe;

and if the Commissioner determines with respect to such agency that—

“(3) as a result of such major disaster, (A) public elementary or secondary school facilities of such agency (or, in the case of a public agency other than a local educational agency, school facilities providing technical, vocational, or other special education to children of elementary or secondary school age) have been destroyed or seriously damaged, or (B) private elementary or secondary school facilities serving children who reside in the area served by such agency have been destroyed and will not be replaced, thereby increasing the need of such agency for school facilities;

“(4) such agency is utilizing or will utilize all State and other financial assistance available for the replacement or restoration of such school facilities;

“(5) such agency does not have sufficient funds available to it from State, local, and other Federal sources (including funds available under other provisions of this Act), and from the proceeds of insurance on such school facilities, and requires an amount of additional assistance equal to at least \$1,000 or one-half of 1 per centum of such agency's current operating expendi-

tures during the fiscal year preceding the one in which such disaster occurred, whichever is less, to provide the minimum school facilities needed (A) for the restoration or replacement of the school facilities of such agency so destroyed or seriously damaged or (B) to serve, in facilities of such agency, children who but for the destruction of the private facilities referred to in clause (3) (B) would be served by such private facilities; and

“(6) in the case of any such major disaster, to the extent that the operation of private elementary and secondary schools in the school attendance area of the local educational agency has been disrupted or impaired by such disaster, such local educational agency has complied with the provisions of section 7(a)(4) of the Act of September 30, 1950 (Public Law 874, Eighty-first Congress), with respect to provisions for the conduct of educational programs under public auspices and administration in which children enrolled in such private elementary and secondary schools may attend and participate,

the Commissioner may provide the additional assistance necessary to enable such agency to provide such facilities, upon such terms and in such amounts (subject to the provisions of this section) as the Commissioner may consider to be in the public interest; but such additional assistance, plus the amount which he determines to be available from State, local, and other Federal sources (including funds available under other provisions of this Act), and from the proceeds of insurance, may not exceed the cost of construction incident to the restoration or replacement of the school facilities destroyed or damaged as a result of the disaster. In all cases determined pursuant to clause (1)(B) of this subsection, and in any other case deemed appropriate by the Commissioner, such assistance shall be in the form of a repayable advance subject to such terms and conditions as he considers to be in the public interest.”

“(1)(A) the Director of the Office of Emergency Planning determines with respect to any local educational agency (including for the purpose of this section any other public agency which operates schools providing technical, vocational, or other special education to children of elementary or secondary school age) that such agency is located in whole or in part within an area which after August 30, 1965, and prior to July 1, 1970, has suffered a major disaster as the result of any flood, drought, fire, hurricane, earthquake, storm, or other catastrophe which, in the determination of the President pursuant to section 2(a) of the Act of September 30, 1950 (42 U.S.C. 1855a(a)), is or threatens to be of sufficient severity or magnitude to warrant disaster assistance by the Federal Government; or

64 Stat. 1109.

“(B) the Commissioner determines with respect to any such agency that public elementary or secondary school facilities of such agency have been destroyed or seriously damaged as a result of flood, hurricane, earthquake, storm, fire, or other catastrophe, except any such catastrophe caused by negligence or malicious action; and

“(2) the Governor of the State in which such agency is located has certified the need for disaster assistance under this section, and has given assurance of expenditure of a reasonable amount of the funds of the government of such State, or of any political subdivision thereof, for the same or similar purposes with respect to such catastrophe;

and if the Commissioner determines with respect to such agency that—

“(3) such agency is utilizing or will utilize all State and other financial assistance available to it for the purpose of meeting the cost of providing free public education for the children attending the schools of such agency, but as a result of such disaster it is unable to obtain sufficient funds for such purpose and requires an amount of additional assistance equal to at least \$1,000 or one-half of 1 per centum of such agency's current operating expenditures during the fiscal year preceding the one in which such disaster occurred, whichever is less, and

“(4) in the case of any such major disaster to the extent that the operation of private elementary and secondary schools in the school attendance area of such local educational agency has been disrupted or impaired by such disaster, such local educational agency has made provisions for the conduct of educational programs under public auspices and administration in which children enrolled in such private elementary and secondary schools may attend and participate: *Provided*, That nothing contained in this Act shall be construed to authorize the making of any payment under this Act for religious worship or instruction,

the Commissioner may provide to such agency the additional assistance necessary to provide free public education to the children attending the schools of such agency, upon such terms and in such amounts (subject to the provisions of this section) as the Commissioner may consider to be in the public interest. Such additional assistance may be provided for a period not greater than a five-fiscal-year period beginning with the fiscal year in which it is determined pursuant to clause (1) of this subsection that such agency suffered a disaster. The amount so provided for any fiscal year shall not exceed the amount which the Commissioner determines to be necessary to enable such agency, with the State, local, and other Federal funds available to it for such purpose, to provide a level of education equivalent to that maintained in the schools of such agency prior to the occurrence of such disaster, taking into account the additional costs reasonably necessary to carry out the provisions of clause (4) of this subsection. The amount, if any, so provided for the second, third, and fourth fiscal years following the fiscal year in which it is so determined that such agency has suffered a disaster shall not exceed 75 per centum, 50 per centum, and 25 per centum, respectively, of the amount so provided for the first fiscal year following such determination.

“(b) In addition to and apart from the funds provided under subsection (a), the Commissioner is authorized to provide to such agency an amount which he determines to be necessary to replace instructional and maintenance supplies, equipment, and materials (including textbooks) destroyed or seriously damaged as a result of such disaster, to make minor repairs, and to lease or otherwise provide (other than by acquisition of land or erection of facilities) school and cafeteria facilities needed to replace temporarily such facilities which have been made unavailable as a result of the disaster.

“(c) There is hereby authorized to be appropriated for each fiscal year such amounts as may be necessary to carry out the provisions of this section. Pending such appropriation, the Commissioner may expend (without regard to subsections (a) and (e) of section 3679 of

the Revised Statutes (31 U.S.C. 665)) from any funds heretofore or hereafter appropriated for expenditure in accordance with other sections of this Act, such sums as may be necessary for immediately providing assistance under this section, such appropriations to be reimbursed from the appropriations authorized by this subsection when made.

“(d) No payment may be made to any local educational agency under this section except upon application therefor which is submitted through the appropriate State educational agency and is filed with the Commissioner in accordance with the regulations prescribed by him. In determining the order in which such applications shall be approved, the Commissioner shall consider the relative educational and financial needs of the local educational agencies which have submitted approvable applications.

“(e) Amounts paid by the Commissioner to local educational agencies under this section may be paid in advance or by way of reimbursement and in such installments as the Commissioner may determine. Any funds paid to a local educational agency and not expended or otherwise used for the purposes for which paid shall be repaid to the Treasury of the United States.”

SEC. 204. (a) Title IV of the Social Security Act is amended by inserting after part B (hereinafter added to such title by section 240 of this Act) the following material:

*Post*, p. 911.

#### "PART C—WORK INCENTIVE PROGRAM FOR RECIPIENTS OF AID UNDER STATE PLAN APPROVED UNDER PART A

##### "PURPOSE

"SEC. 430. The purpose of this part is to require the establishment of a program utilizing all available manpower services, including those authorized under other provisions of law, under which individuals receiving aid to families with dependent children will be furnished incentives, opportunities, and necessary services in order for (1) the employment of such individuals in the regular economy, (2) the training of such individuals for work in the regular economy, and (3) the participation of such individuals in special work projects, thus restoring the families of such individuals to independence and useful roles in their communities. It is expected that the individuals participating in the program established under this part will acquire a sense of dignity, self-worth, and confidence which will flow from being recognized as a wage-earning member of society and that the example of a working adult in these families will have beneficial effects on the children in such families.

##### "APPROPRIATION

"SEC. 431. There is hereby authorized to be appropriated to the Secretary of Health, Education, and Welfare for each fiscal year a sum sufficient to carry out the purposes of this part. The Secretary of Health, Education, and Welfare shall transfer to the Secretary of Labor from time to time sufficient amounts, out of the moneys appropriated pursuant to this section, to enable him to carry out such purposes.

##### "ESTABLISHMENT OF PROGRAMS

"SEC. 432. (a) The Secretary of Labor (hereinafter in this part referred to as the Secretary) shall, in accordance with the provisions of this part, establish work incentive programs (as provided for in subsection (b)) in each State and in each political subdivision of a State in which he determines there is a significant number of individuals who

have attained age 16 and are receiving aid to families with dependent children. In other political subdivisions, he shall use his best efforts to provide such programs either within such subdivisions or through the provision of transportation for such persons to political subdivisions of the State in which such programs are established.

“(b) Such programs shall include, but shall not be limited to, (1) a program placing as many individuals as is possible in employment, and utilizing on-the-job training positions for others, (2) a program of institutional and work experience training for those individuals for whom such training is likely to lead to regular employment, and (3) a program of special work projects for individuals for whom a job in the regular economy cannot be found.

“(c) In carrying out the purposes of this part the Secretary may make grants to, or enter into agreements with, public or private agencies or organizations (including Indian tribes with respect to Indians on a reservation), except that no such grant or agreement shall be made to or with a private employer for profit or with a private nonprofit employer not organized for a public purpose for purposes of the work experience program established by clause (2) of subsection (b).

“(d) Using funds appropriated under this part, the Secretary, in order to carry out the purposes of this part, shall utilize his authority under the Manpower Development and Training Act of 1962, the Act of June 6, 1933, as amended (48 Stat. 113), and other Acts, to the extent such authority is not inconsistent with this Act.

76 Stat. 23.  
42 USC 2571  
note.  
29 USC 49-49k.

“(e) The Secretary shall take appropriate steps to assure that the present level of manpower services available under the authority of other statutes to recipients of aid to families with dependent children is not reduced as a result of programs under this part.

#### “OPERATION OF PROGRAM

“SEC. 433. (a) The Secretary shall provide a program of testing and counseling for all persons referred to him by a State, pursuant to section 402, and shall select those persons whom he finds suitable for the programs established by clauses (1) and (2) of section 432(b). Those not so selected shall be deemed suitable for the program established by clause (3) of such section 432(b) unless the Secretary finds that there is good cause for an individual not to participate in such program.

“(b) The Secretary shall develop an employability plan for each suitable person referred to him under section 402 which shall describe the education, training, work experience, and orientation which it is determined that each such person needs to complete in order to enable him to become self-supporting.

42 USC 602.

“(c) The Secretary shall make maximum use of services available from other Federal and State agencies and, to the extent not otherwise available on a nonreimbursable basis, he may reimburse such agencies for services rendered to persons under this part.

“(d) To the extent practicable and where necessary, work incentive programs established by this part shall include, in addition to the regular counseling, testing, and referral available through the Federal-State Employment Service System, program orientation, basic education, training in communications and employability skills, work experience, institutional training, on-the-job training, job development, and special job placement and followup services, required to assist participants in securing and retaining employment and securing possibilities for advancement.

“(B) the hourly wage rate and the number of hours per week individuals will be scheduled to work on special work projects of such employer;

“(C) that the Secretary will have such access to the premises of the employer as he finds necessary to determine whether such employer is carrying out his obligations under the agreement and this part; and

“(D) that the Secretary may terminate any agreement under this subsection at any time.

“(3) The Secretary shall establish one or more accounts in each State with respect to the special work projects established and maintained pursuant to this subsection and place into such accounts the amounts paid to him by the State agency pursuant to section 402(a) (19) (E). The amounts in such accounts shall be available for the payments specified in subparagraph (A) of paragraph (2). At the end of each fiscal year and for such period of time as he may establish, the Secretary shall determine how much of the amounts paid to him by the State agency pursuant to section 402(a) (19) (E) were not expended as provided by the preceding sentence of this paragraph and shall return such unexpended amounts to the State, which amounts shall be regarded as overpayments for purposes of section 403(b) (2).

“(4) No wage rates provided under any agreement entered into under this subsection shall be lower than the applicable minimum wage for the particular work concerned.

“(f) Before entering into a project under any of the programs established by this part, the Secretary shall have reasonable assurances that—

“(1) appropriate standards for the health, safety, and other conditions applicable to the performance of work and training on such project are established and will be maintained,

“(2) such project will not result in the displacement of employed workers,

“(3) with respect to such project the conditions of work, training, education, and employment are reasonable in the light of such factors as the type of work, geographical region, and proficiency of the participant,

“(4) appropriate workmen's compensation protection is provided to all participants.

“(g) Where an individual, referred to the Secretary of Labor pursuant to section 402(a) (19) (A) (i) and (ii) refuses without good cause to accept employment or participate in a project under a program established by this part, the Secretary of Labor shall (after providing opportunity for fair hearing) notify the State agency which referred such individual and submit such other information as he may have with respect to such refusal.

“(h) With respect to individuals who are participants in special work projects under the program established by section 432(b) (3), the Secretary shall periodically (but at least once every six months) review the employment record of each such individual while on such special work project and on the basis of such record and such other

"(b) Costs of carrying out this part include costs of training, supervision, materials, administration, incentive payments, transportation, and other items as are authorized by the Secretary, but may not include any reimbursement for time spent by participants in work, training, or other participation in the program; except that with respect to special work projects under the program established by section 432(b) (3), the costs of carrying out this part shall include only the costs of administration.

"SEC. 436. (a) The program established by section 432(b) (2) shall be designed by the Secretary so that the average period of enrollment under all projects under such program throughout any area of the United States will not exceed one year.

"(b) Services provided under this part may continue to be provided to an individual for such period as the Secretary determines (in accordance with regulations prescribed by the Secretary after consultation with the Secretary of Health, Education, and Welfare) is necessary to qualify him fully for employment even though his earnings disqualify him from aid under a State plan approved under section 402.

42 USC 602.

#### "RELOCATION OF PARTICIPANTS

"SEC. 437. The Secretary may assist participants to relocate their place of residence when he determines such relocation is necessary in order to enable them to become permanently employable and self-supporting. Assistance under this section shall not exceed the reasonable costs of transportation for participants, their dependents, and their household belongings plus such relocation allowance as the Secretary determines to be reasonable.

He may, for this purpose, contract for independent evaluations of and research regarding such programs or individual projects under such programs. For purposes of sections 435 and 443, the costs of carrying out this section shall not be regarded as costs of carrying out work incentive programs established by this part.

#### “REVIEW OF SPECIAL WORK PROJECTS BY A STATE PANEL

“SEC. 442. (a) The Secretary shall make an agreement with any State which is able and willing to do so under which the Governor of the State will create one or more panels to review applications tentatively approved by the Secretary for the special work projects in such State to be established by the Secretary under the program established by section 432(b)(3).

“(b) Each such panel shall consist of not more than five and not less than three members, appointed by the Governor. The members shall include one representative of employers and one representative of employees; the remainder shall be representatives of the general public. *Post.*, p. 929.

“(5) provides for cooperation with medical, health, nursing, educational, and welfare groups and organizations and, with respect to the portion of the plan relating to services for crippled children, with any agency in such State charged with administering State laws providing for vocational rehabilitation of physically handicapped children;

“(6) provides for payment of the reasonable cost (as determined in accordance with standards approved by the Secretary and included in the plan) of inpatient hospital services provided under the plan;

“(7) provides, with respect to the portion of the plan relating to services for crippled children, for early identification of children in need of health care and services, and for health care and treatment needed to correct or ameliorate defects or chronic conditions discovered thereby, through provision of such periodic screening and diagnostic services, and such treatment, care and other measures to correct or ameliorate defects or chronic conditions, as may be provided in regulations of the Secretary;

“(8) effective July 1, 1972, provides a program (carried out directly or through grants or contracts) of projects described in section 508 which offers reasonable assurance, particularly in areas with concentrations of low-income families, of satisfactorily

“(9) effective July 1, 1972, provides a program (carried out directly or through grants or contracts) of projects described in section 509 which offers reasonable assurance, particularly in areas with concentrations of low-income families, of satisfactorily promoting the health of children and youth of school or preschool age;

“(13) provides that, where payment is authorized under the plan for services which an optometrist is licensed to perform, the individual for whom such payment is authorized may, to the extent practicable, obtain such services from an optometrist licensed to perform such services except where such services are rendered in a clinic, or another appropriate institution, which does not have an arrangement with optometrists so licensed; and

“(14) provides that acceptance of family planning services provided under the plan shall be voluntary on the part of the individual to whom such services are offered and shall not be a prerequisite to eligibility for or the receipt of any service under the plan.

“(b) The Secretary shall approve any plan which meets the requirements of subsection (a).

#### “PAYMENTS

“SEC. 506. (a) From the sums appropriated therefor and the allotments available under section 503(1) or 504(1), as the case may be, the Secretary shall pay to each State which has a plan approved under this title, for each quarter, beginning with the quarter commencing July 1, 1968, an amount, which shall be used exclusively for carrying out the State plan, equal to one-half of the total sum expended during such quarter for carrying out such plan with respect to maternal and child health services and services for crippled children, respectively.

“(b) (1) Prior to the beginning of each quarter, the Secretary shall estimate the amount to which a State will be entitled under subsection (a) for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with the provisions of such subsection, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State's proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, and (B) such other investigation as the Secretary may find necessary.

“(2) The Secretary shall then pay to the State, in such installments as he may determine, the amount so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

“(3) Upon the making of an estimate by the Secretary under this subsection, any appropriations available for payments under this section shall be deemed obligated.

“(c) The Secretary shall also from time to time make payments to the States from their respective allotments pursuant to section 503(2) or 504(2). Payments of grants under sections 503(2), 504(2), 508, 509, 510, and 511, and of grants, contracts, or other arrangements under section 512, may be made in advance or by way of reimbursement, and in such installments, as the Secretary may determine; and shall be made on such conditions as the Secretary finds necessary to carry out the purposes of the section involved.

“(d) The total amount determined under subsections (a) and (b) and the first sentence of subsection (c) for any fiscal year ending after June 30, 1968, shall be reduced by the amount by which the sum expended (as determined by the Secretary) from non-Federal sources for maternal and child health services and services for crippled children for such year is less than the sum expended from such sources for such services for the fiscal year ending June 30, 1968. In the case of any such reduction, the Secretary shall determine the portion thereof which shall be applied, and the manner of applying such reduction, to the amounts otherwise payable from allotments under section 503 or section 504.

“(e) Notwithstanding the preceding provisions of this section, no payment shall be made to any State thereunder from the allotments under section 503 or section 504 for any period after June 30, 1968, unless the State makes a satisfactory showing that it is extending the provision of services, including services for dental care for children and family planning for mothers, to which such State's plan applies in the State with a view to making such services available by July 1, 1975, to children and mothers in all parts of the State.

#### “OPERATION OF STATE PLANS

“SEC. 507. If the Secretary, after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of the State plan approved under this title, finds—

“(2) that in the administration of the plan there is a failure to comply substantially with any such provision;

the Secretary shall notify such State agency that further payments will not be made to the State (or, in his discretion, that payments will be limited to categories under or parts of the State plan not affected by such failure), until the Secretary is satisfied that there will no longer be any such failure to comply. Until he is so satisfied he shall make no further payments to such State (or shall limit payments to categories under or parts of the State plan not affected by such failure).
